### ALLIED COUNCIL FRAMES TERMS

Meeting Prepares Conditions for Renewal of Armistice With Germany.

### DRAW NAVAL CLAUSES

Plan Includes Conditions of Supply and Provision for Restitution of Material Stolen From France and Belgium.

Paris, Jan. 14.—The peace congress supreme council resumed its sessions at the French foreign office, with the distinguished gathering augmented by the presence of Japan among the great nations represented and a notable gathering of military, naval, economic and financial representatives of the various powers.

An official communication issued after adjournment says:

"The meeting reached an agreement as to the terms on which the armistice is to be renewed on Jan. 17. This included naval clauses, financial clauses, conditions of supply and provision for the restitution of material and machinery stolen from France and Belgium by the Germans.

"The meeting also continued its discussion of procedure. It was agreed to hold the next meeting of the supreme war council on Wednesday at 10:30 and the first full session of the peace conference will take place Sunday, Jan. 18, at 1:30 p. m., at the foreign office."

Japanese Minister There.

Those present included besides President Wilson, Secretary Lansing, General Bliss and Herbert C. Hoover for the United States; Premier Clemenceau, Foreign Minister Pichon, Finance Minister Klotz, Minister of Commerce Clementel, Minister of Reconstruction Louchere, Marshal Foch, Major General Veygand and Admiral DeBon, for France; Premier Lloyd George and Foreign Secretary Balfour for Great Britain; Foreign Minister Sonnino for Italy, and Viscount Chinda and Ambassador Matsui for Japan.

All the members of the Versailles war court attended, including General Sir Henry Wilson, the British member. The proceedings were divided into two distinct stages. The first meeting was presided over by Marshal Foch, at which the military, naval and economic authorities reached an agreement on new terms for the armistice expiring on Jan. 17. The United States was represented by Major General Bliss, Admiral Benson and Herbert C. Hoover.

The accord reached is said to have been complete, embracing financial terms, whereby Germany must restore the sums taken from the cities and towns in the devastated regions; military, whereby Germany must restore the guns taken and promptly deliver up rolling stock and locomotives, and economic, whereby food relief will reach the famished regions.

### HUNGARIAN CABINET CRISIS

May Result in Premier Karolyi Becoming President.

Budapest, Jan. 14.—A cabinet crisis which is hourly expected to result in resignation of the ministry may result in Premier Karolyi's election as president of the Hungarian republic.

The Socialists claim the right to representation in the war and home portfolio. The government has refused to consider their claims and has announced its readiness to abdicate. If the cabinet steps out a condition will be created which will necessitate election of a president.

### YANKS CAN VISIT ENGLAND

Men in France Secure Leave Lasting Fourteen Days.

London, Jan. 14.—Leaves for soldiers of the American expeditionary force in France to visit England, have begun and the men are expected to arrive at the rate of 150 daily. Their leaves are for a 14-day period. Arrangements are being made here to care for the arriving troops and rest stations have been established at Stratford-on-Avon, Royal Leamington, Spa and Edinburgh.

### FOOD COMMISSIONERS MEET

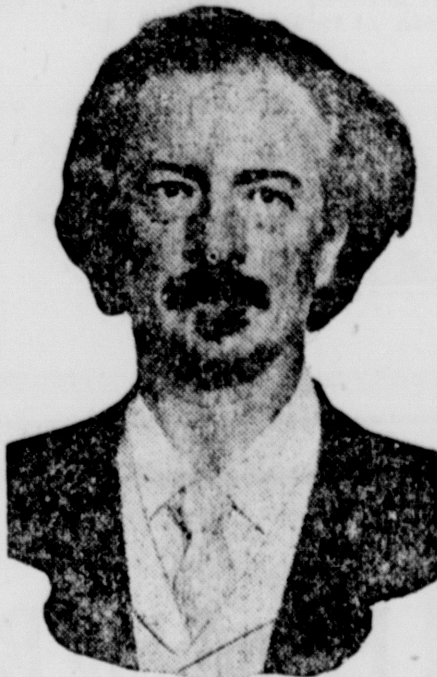

Herbert C. Hoover Presides at Paris Conference.

Paris, Jan. 14.—Members of the international food commission held two sessions at the ministry of commerce. Herbert C. Hoover presided at the meetings, which were attended by representatives of the United States, Great Britain and France.

It was reported that much progress had been made in the work of arranging for the immediate relief of needy sections in evacuated territories.

### IGNACE PADEREWSKI

Famous Pianist and Polish Leader Is Wounded.

Ignace van Paderewski, the Polish leader and world-famed as a pianist, has been slightly wounded by an assassin who entered the room of his hotel at Warsaw and fired one shot at him.

### TWELVE MORE NEEDED

Twenty-Four States Ratify Prohibition Amendment.

California and Washington Legislatures Take Favorable Action on Proposition.

Chicago, Jan. 14.—California and Washington ratified the national prohibition amendment of the Constitution, making 24 states to act favorably on the basic law proposed. Colorado, which had been reported as ratifying, was discovered to have acted irregularly and the Colorado legislature will reconsider.

Twelve more states are needed to ratify the proposed amendment to make it a part of the Constitution. The House of Representatives and the Senate of the Indiana legislatures voted for the amendment and the Illinois house will take up the question, the senate already having passed it.

A parliamentary move in the California legislature will keep the measure from the governor for a time, but advocates of the amendment said action could not be reversed.

### LODGE TO DELIVER EULOGY

Massachusetts Senator Only Speaker at Roosevelt Memorial.

Washington, Jan. 14.—Senator Lodge of Massachusetts will deliver the eulogy at the joint congressional memorial service for Theodore Roosevelt to be held in the house chamber on Feb. 9. The Republican leader in the senate, who for many years was a close personal friend of the former president, was selected by unanimous vote of the senate and house committees appointed to arrange for the services and he will be the only speaker.

### GERMAN ARMY DISBANDING

About 60 Per Cent of the Force Mustered Out.

American Headquarters in Germany, Jan. 14.—About 60 per cent of the German troops have been demobilized since the armistice, it was revealed in statistics compiled in 40 towns occupied by Americans.

About 12 per cent of the men who went to war from the Rhineland were killed, and about an equal number returned home before the armistice was signed because of permanent disablement.

### BELIEVES LEAGUE USELESS

South Dakota Senator Says Four Powers Can Insure Peace.

Washington, Jan. 14.—Discussing the proposed league of nations, Senator Sterling of South Dakota, Republican, in the senate, urged that, in view of the present and prospective relations between the United States, Great Britain, France and Italy, such a league was unnecessary and that its consideration should be postponed.

### WITHDRAWAL FROM RUSSIA

Resolution Favoring Such Action Appears in Senate.

Washington, Jan. 14.—A resolution to record the Senate as favoring withdrawal of American soldiers from Russia, "as soon as practicable," was introduced by Senator Johnson of California, with an assertion that the United States government evidently had no Russian policy and was inviting disaster.

### President Will Appeal to People

By ROBERT J. BENDER,  
(United Press Staff Correspondent.)

Paris, Jan. 14.—President Wilson is expected to go before the American people after the peace treaty is signed to urge its ratification and solidify the support of the new world thought it embodies.

Thus shattering another precedent the president would put the verdict of endorsement of the peace settlement up to public opinion rather than go to a hostile congress it was pointed out.

The belief was expressed by friends today that Wilson will tour the country late this fall taking the opportunity to urge new domestic policies that lend themselves to changing international ideals. He is expected to give the key of his policy when he addresses congress after his return from Europe. His course after that will be determined largely by the attitude at Washington. That the president will return to France to be present at the actual consummation of peace seems to be a foregone conclusion.

### State Department Inquires About House

(By United Press)

Washington, Jan. 14.—The state department today wired Paris inquiring as to the truth of the rumor printed in a New York paper that Col. House, President Wilson's confidential adviser had died. Department advisers have not even indicated that his illness was serious.

Paris, Jan. 14.—Col. House was reported Monday evening to be improving.

### Senator Demands Early Peace

(By United Press)

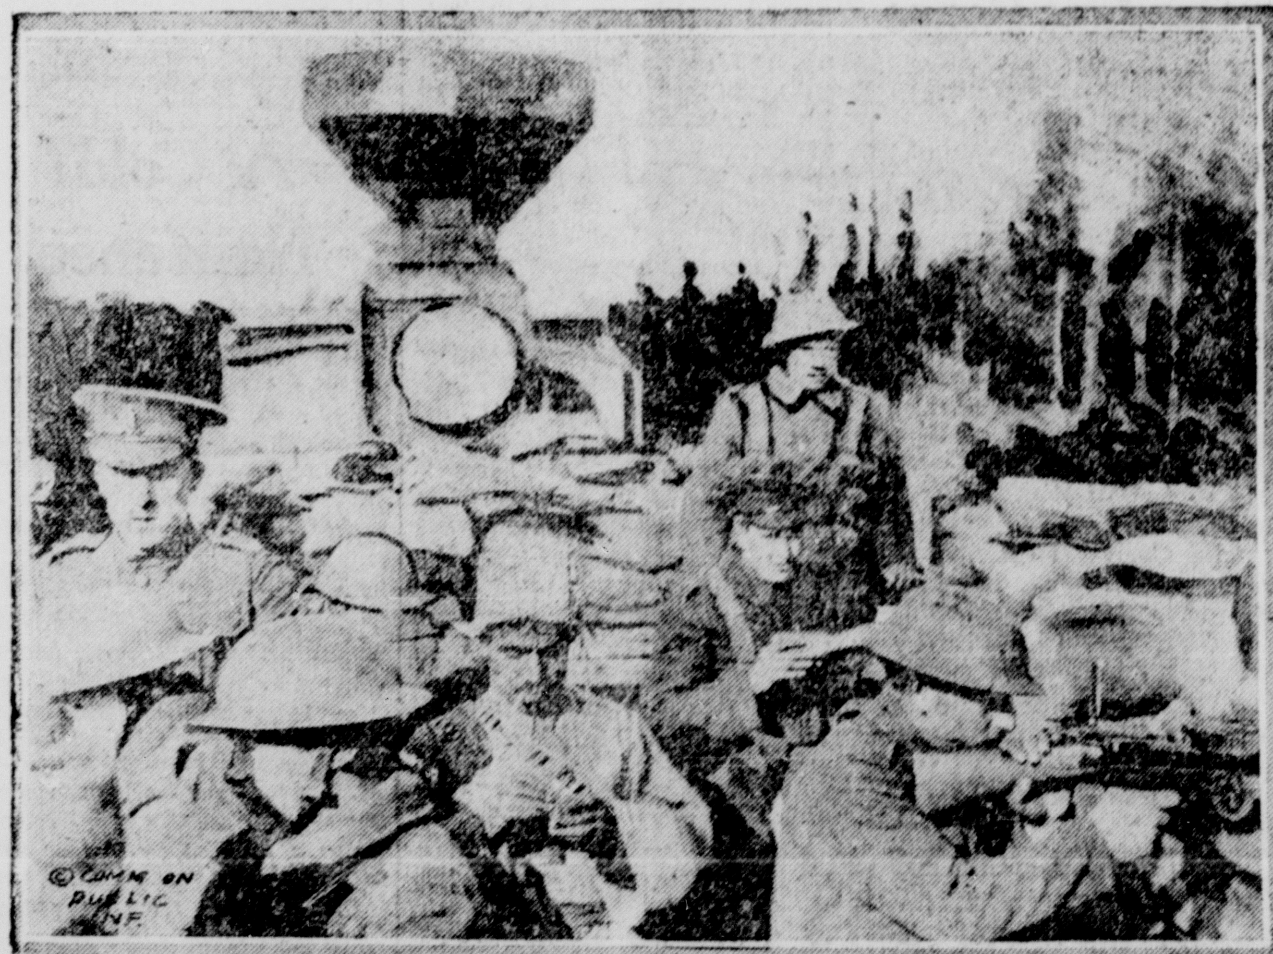

Washington, Jan. 14.—Senator France, of Maryland, introduced a resolution demanding that peace negotiations be speeded up to permit the early withdrawal of the American army of occupation and return home.

### Hungarian Premier Elected President

(By United Press)

Budapest, Jan. 14.—Count Korolyi, former premier, has been elected provisional president of the Hungarian republic, a Budapest dispatch says.

### American Soldiers With British and Cossacks in Russia, Defending Car Made Into Fortress on Wheels by Lining Sides With Sandbags

United States official photograph from the American front in Russia shows American, British and Cossack soldiers defending an improvised fort on wheels in the district south of Archangel. The allied troops and the doughboys used to good advantage a number of steel cars, the sides of which were lined with bags of sand. In this car they are keeping the enemy off with a light mortar, machine guns and rifles.

### Borah and Kenyon Sound Warning

(By United Press)

Washington, Jan. 14.—That a new alignment of the people is coming that will sweep away existing political parties unless they face and solve the readjustment problems was the warning sounded to republican and democratic chieftains today by Senators Kenyon and Borah, progressive leaders. They cautioned against ostrich tactics as a means of disposing of the menace of bolshevism in the United States. They urged honest, fearless, straightforward action by the government and political leaders to cope with the construction problems facing the American people. After sounding a warning to stand-patters in both parties, that a political jolt is coming to them from the American people unless the present conditions are remedied, Borah and Kenyon outlined ways of meeting the bolshevism menace to this country.

### Pershing Sends 80,000 Captured German Helmets

(By United Press)

Washington, Jan. 14.—General Pershing has started toward America 80,000 captured German helmets for the fifth Liberty Loan trophies.

### Three More States Ratify Prohibition

(By United Press)

Indianapolis, Jan. 14.—The Indiana legislature ratified the prohibition amendment.

Little Rock, Jan. 14.—The Arkansas legislature has ratified the prohibition amendment.

Springfield, Jan. 14.—Illinois today ratified the national prohibition amendment.

### Billy Hohenzollern Getting Bug House

(By United Press)

Amsterdam, Jan. 14.—Wilhelm Hohenzollern is on the verge of becoming a helpless lunatic, according to information brought here today by a prominent Hollander who just left Count Bentich's castle where he was a guest. He declared the former emperor talks continuously. His conversation is rambling or erratic and he cannot sleep nights.

### Argentine Authorities Regain Control in Buenos Aires.

(By United Press)

250 Reported Killed and 700 Wounded as Result of Riots in Capital City Alone.

Buenos Aires, Jan. 14.—It was stated at police headquarters that no serious clashes are taking place anywhere. It is believed the government has the situation under control. Reports from Montevideo say that the authorities there are strengthening their forces against the bolshevik movement. Troops have been thrown around Villa de Cerro, localizing strike disorders to that district where there are American packing houses. Censored reports from the interior indicate that the maximilist movement is spreading to the principal cities, notably Rosario, where a general strike was called. Independent strikes were begun on railways not affected by the general walkout. Trains on the Central-Argentine railway are being held at Rosario. The Western railway also is tied up by a strike which began at midnight. Troops have been sent by General Dellepaine to requisition the arms in a number of privately owned gunshops, thus preventing them from falling into the hands of the maximilists. 250 Reported Dead. The commanders of the government troops officially report 250 dead and 700 wounded as a result of the strike riots in this city. The ranking naval officer, discussing this report, said: "If you double it you will be nearer the real casualties."

### GEN. C. VANDERBILT

His Son Is Wealthiest Private in U. S. Army.

Cornelius Vanderbilt, Jr., who is perhaps the wealthiest buck private in the American army, will enter West Point, according to recent reports. Private Vanderbilt went to France as orderly to his father, Brig. Gen. Cornelius Vanderbilt. He made a record for dare-devil bravery as a dispatch bearer on the western front. He enlisted in 1917 when still under age.

### ASKS CONGRESS TO ACT

President Urges Passage of European Relief Bill.

Declares Food and Not Force Will Check Western Advance of Bolshevism.

Washington, Jan. 14.—Appropriation of \$100,000,000 for famine relief in Europe, outside of Germany, was approved by the house, which passed the administration measure, 240 to 3. The bill now goes to the Senate, where its early passage is planned.

Washington, Jan. 14.—President Wilson, in a message solemnly urging congress to appropriate the \$100,000,000 asked for European food relief, said Bolshevism, steadily advancing westward, could not be stopped by force, but could be stopped by food. Food relief, he said, was the key to the whole European situation and to the solutions of peace.

A message from Henry White, member of the American peace delegation, to the State department, said that the "startling westward advance of Bolshevism" dominated the entire European situation and that it was of the utmost importance that the President's request be granted at once.

Bolshevism, Mr. White said, now completely controls Russia and Poland and is spreading through Germany.

The President's message, addressed to Senator Martin of Virginia and Representative Sherley of Kentucky, chairman of the congressional appropriations committee, and that of Mr. White, were read on the floor of the house by Mr. Sherley during debate on a special rule to give immediate consideration to the appropriation bill.

### PROTEST TELEPHONE ORDER

Representatives of Public Service Commissions Meet.

Chicago, Jan. 14.—Declaring to be unconstitutional the recent order of Postmaster General Burleson, providing for an increase in telephone rates, representatives of the public service commissions of Illinois, Wisconsin, Michigan, Indiana, Minnesota and Virginia, at a meeting here protested against this action as an encroachment of the Federal government upon the power of state utility commissions to regulate intrastate rates.

### FRAUD CHARGES ARE FILED

Woman Alleges Election Law Was Violated in Nevada.

Reno, Nev., Jan. 14.—Charging that the election of Senator Charles S. Henderson in Nevada this year was brought about through violations of the federal and state laws governing expense accounts, Miss Anne Martin who was an independent candidate in opposition to Senator Henderson, has sent a letter to Senator Pomerene, chairman of the Senate committee on elections, asking him to order an investigation.

### U. S. TROOPSMAY FIGHT IN POLAND

America Ready to Assist Poles in Defeating Bolsheviks, According to Paris Paper.

### OFFERS TWO DIVISIONS

Rebel Leaders Taken in Capture of Spartacus Offices in Berlin—1,500 Spartacists Killed Since Outbreak in Capital Began.

Paris, Jan. 14.—Secretary Lansing officially denied a statement published in the Temps that America is ready to send an expeditionary force into Poland. He said the statement was "absolutely false."

Paris, Jan. 14.—America has informed the Allied governments, according to the Temps, that it is ready to send an American Expeditionary Corps to Poland. This force, the newspaper states, would be able to "at least double the support given by two Polish divisions to be sent from the western front and enable the Poles to victoriously resist the bolsheviks."

Berlin, Jan. 14.—According to a report to the Taegleke Rundschau, Rosa Luxemburg, associated with Dr. Karl Liebknecht in the leadership of the rebellious Spartacus forces in Berlin, has been arrested by government soldiers.

The arrest is said to have been made when the troops were cleaning out the central office of the Spartacists, when Dr. Liebknecht's son also is reported to have been taken.

Police Station Shelled.

The capture of the Spartacus office was effected by the free use of hand grenades. The soldiers burned in the street an immense quantity of bolshevik literature found in the headquarters.

Government forces have captured the police headquarters after a short bombardment.

When the fighting began, the troops fired a few shells and then waited to see what effect had been made upon the Spartacists.

Fire on White Flag.

When the latter failed to show signs of yielding two men were sent forward with a white flag demanding the surrender of the Spartacists. They were fired upon and killed.

Artillery fire then was resumed. The Spartacists began to flee. The soldiers thereupon stormed the building and took several hundred prisoners. The bolsheviks are believed to have suffered the loss of 50 killed and many wounded.

1,300 Spartacists Killed.

London, Jan. 14.—The armistice between the contending factions at Berlin has been broken and fighting has been resumed, according to Copenhagen advices received here.

Reports from Berlin indicate, it is said, that the Spartacus forces have lost 1,300 killed since the outbreak of the revolution and that there are many more wounded.

There is no confirmation of the report that Dr. Liebknecht has been killed. He has, however, faded from sight with Chief of Police Eichhorn.

### MINNESOTA SENATOR DIES

Carlton L. Wallace Succumbs to Pneumonia After Few Days' Illness.

Minneapolis, Jan. 13.—Senator Carlton L. Wallace is dead at his home in this city. He had been ill for several days with bronchial pneumonia.

Senator Wallace, who represented the Thirty-fourth district, comprising the Eighth ward, in the upper branch of the legislature, has served in many Minnesota legislative sessions. He was a member of the House of Representatives in 1899, 1901, extra session in 1902, 1905 and 1909. He was later elected a state senator and has served in the upper body eight years. He was re-elected last fall.

Senator Wallace is the second member of the state Senate to pass away since the session opened. Senator Harry F. Weis died last week.

### SUPPORTING GERMAN REVOLT

Russian Bolsheviks Are Reported Behind Movement.

Washington, Jan. 14.—Officials here were much interested in an article published in the Berlin Tagliche Rundschau, which said the Spartacus group had sent a telegram to Moscow stating that fighting must be stopped as soon as possible, because the Berlin working classes were not ripe for dictatorship of the proletariat.

This, it was pointed out, supports the charge that has often been made that the German uprising has been directed by the Russian Bolsheviks.

### ANNUAL MEETING

Of the Missionary Society of the First Congregational Church Held Wednesday

The annual meeting of the Missionary society of the First Congregational church was held at the home of Mrs. R. K. Whiteley, Wednesday, Jan. 8th and the following officers were elected for the ensuing year: President—Mrs. E. P. Slipp. Vice-President—Mrs. John Woodhead.

Treasurer—Miss May Whiteley. Secretary—Mrs. Dan Whitney.

Mrs. H. L. Jones lead the study class which followed and the "Religions of India" were taken up which revealed the following truths:

The Caste system of Hinduism the greatest curse which has ever befallen a people, keeping them in religious and social bondage has the largest number of followers of any of India's religions. Mohammedanism having plunged into the vortex of this world struggle, with the hope and expectation that it would emerge triumphant, finds 230,000,000 of Moslems, today in confusion at the revelation of the boasted solidarity of Islam as a religion for the world shattered and turn to the Christian world for sympathy and help. Buddhism which is a much older religion than Islam or Mohammedanism and which has been driven out of India, the land of its birth survives in the religion of Jainism, the Jains being the most highly cultured and most charitable of all people.

Parsicism, which is even older

## HOPE HOSE CO. NO. 1 BIG DANCE

Annual Event at Gardner Auditorium on Friday Evening, January 17th—Big Crowd Going

### HELP FIREMEN BY ATTENDING

It is No. 1's Only Dance—Blue Ribbon Orchestra to Play—A. C. White Chairman

Hope Hose Co. No. 1 will give its annual dance at Gardner auditorium on Friday evening, January 17th. This event takes the place of the regular Thanksgiving Day dance which was deferred on account of influenza.

A. C. White is the general chairman of the committee and his co-workers are working valiantly to make the affair a success, are Geo. D. Weber and Mack McCulloch.

The Blue Ribbon five-piece orchestra will play. The firemen are an uncompromising lot of fellows. They chase out after fires day or night and don't mind the heat of the summer or the cold and ice of winter. They do their work efficiently and at a minimum of expense and they certainly are entitled to your patronage when they ask you simply to buy a ticket and help boost the dance along.

And just think of the criticism the firemen have to stand! When something goes wrong, they all hear about it. If a fire is squelched so quickly that it even hasn't time to smoke up a ceiling, how few people pat a fireman on the back and say: "Old scout, you were right on hand that time, you put out the fire and did your part to make Brainerd safe from fire."

If all the home owners and other property owners who have been saved heavy fire losses would just make themselves a committee and take tickets and get others to take tickets, the success of the dance would be assured.

### St. Paul Guild

St. Paul Episcopal church guild will meet with Mrs. A. J. Ellison, 523 North Fourth street, corner of Holly, on Wednesday afternoon at 3:00 o'clock. A business meeting will be followed by a program. New stars will be sewed on the service flag of the church.

### RENT ROOMS BY CARD INDEX

Service Intended as Clearing House Between Supply and Demand for Rooms.

Cleveland, O.—A card index system similar in operation to a slot machine has been adopted by the United States home registration service in City Hall here, to bring together persons who wish to rent room or rooms and board, with households which have them available.

Holes are punched in cards, in general appearance like a piece from a piano roll, and small rods automatically select cards on which vacant rooms meeting with the requirements of each applicant are recorded. The system, in a few seconds, gives complete information of any of the 3,000 vacant rooms registered with the bureau.

The service, which is free, is intended as a clearing house between the supply and demand for rooms, rooms and board and small furnished and unfurnished housekeeping suites.

### CHORUS GIRLS JUMP SHOWS

Ignore Iron-Clad Agreements With Musical Comedies to Marry Soldiers at Camp Funston.

Junction City, Kan.—Despite iron-clad agreements with their chorus girls, managers of musical comedies playing at Army City, Junction City, Manhattan and on the zone in Camp Funston have had times keeping their girls from marrying soldiers, leaving the show and settling down here. Hardly a show has been here but what one or two, and often more of the members of the chorus became "war brides." Some stayed with the show and others settled down to wait their husband's being sent abroad.

Probate Judge Daniel Hurley has done a land-office business, performing marriage ceremonies. Many of them are at midnight and after. He keeps a full supply of marriage blanks and licenses at his home all the time, so as to meet any emergency.

### Would Obtain Medal for Young Girl Hero

Atlanta, Ga.—A Carnegie hero medal is being asked for thirteen-year-old Gertrude Nasher, who, when her home was burning, rescued the baby daughter of Mrs. Marcella Cruz, who occupied the upper floor of the house. Little Gertrude, seeing the roof ablaze, and knowing of Mrs. Cruz's absence, rushed upstairs through blinding smoke, returning with the infant just as the stairs crashed down behind her.

### TO AID WORKERS

Dance of Electrical Workers Union for Benefit of Striking Twin City Men and Women

The dance of the Electrical Workers Union, No. 234, their first annual affair, is a benefit for the striking telephone operators and linemen of the Twin Cities. It will be given on Wednesday evening, January 22, at the Knights of Columbus hall. A six-piece orchestra, the Blue Ribbon, will play.

Men in the uniform of Uncle Sam are welcome and they will be admitted free.

### LOYAL SERVICE TO BE RECOGNIZED

Red Cross Workers, Women and Men. Red Cross General Service Insignia

### WOMEN RIBBONS, MEN BUTTONS

Conditions Governing the Award of Certificates, Apply for Same at Red Cross Headquarters

The following letter has been received by Mrs. J. A. Thabes from the American Red Cross, Northern Division Headquarters, Minneapolis.

1. We are at last able to announce the plan for recognizing the loyal service given by the women and men workers of the Red Cross. This will be done through the issuance of certificates which carry with them the right to purchase and wear the Red Cross official general service insignia. The insignia for women workers will be a badge with ribbon, bar and safety catch, and for the men a button to be worn in the coat lapel.

### Conditions Governing the Award of Certificates

2. Certificates in recognition of loyal service to the nation, through the Red Cross, shall be awarded to all persons who have given regular service during a period of not less than six months, in which period the actual work done shall be equivalent to at least four days a week, or approximately 800 hours; or for eight months of service of not less than three days a week, or approximately 800 hours; or of twelve months of service of not less than two days a week, or approximately 800 hours; or for eighteen months' service, amounting to at least 800 hours; etc. In no case shall an award be made to a worker whose period of enrollment in service has been less than six consecutive months, and with a minimum of 800 hours of service.

3. In computing periods of service, only service subsequent to April 6, 1917, shall be considered.

4. Certificates shall be awarded irrespective of whether services rendered have been on a volunteer or a paid basis.

5. In Chapter production, work done outside of the workroom, such as knitting and garments, shall be estimated on a piece-work basis or in the same manner as used in the Chapter workrooms.

6. Service for the Red Cross in other than Chapter activities shall be credited to the worker. Allowance should also be made for time given in different departments or activities of the Red Cross.

### Service Insignia

7. Badges for Women Workers—All women workers to whom certificates are awarded for service for the minimum period, as specified above, shall be entitled to purchase the standard service badge with a plain ribbon. Women workers serving an additional period equal to the minimum period specified shall be entitled to wear on the badge, in place of the plain ribbon, a ribbon interwoven with one stripe; and a ribbon bearing an additional stripe may be substituted after service for each additional period equal to the minimum. The price of the women's badge will be \$1.00.

8. Button for Men Workers—Men workers to whom certificates have been issued for the minimum period of service shall be entitled to purchase the standard service button to be worn in the coat lapel. No modification in this button is to be made for varying periods of service in excess of the minimum period. The price of this button will be 75 cents.

All Red Cross workers desirous of obtaining certificates of service are requested to apply for same within 30 days at Red Cross Headquarters, in the City Hall, on the days of Tuesday, Thursday or Saturday from 2:30 to 5 P. M.

## CARE FOR DISABLED

Government to Look Out for War Heroes.

Arrangements Made to Provide Vocational Training for All Soldiers.

Washington.—Uncle Sam is going to do more for his disabled soldiers and seamen than any nation ever did, and the arrangements to care for the nearly two hundred thousand men disabled in battle or through disease or accident in camp are near completion. When this army returns there will be no need for public charity which might mar self-respect.

The federal board of vocational education, operating under the vocational rehabilitation act, will restore health, and in the case of permanent injury teach trades that may be followed. During the process the pupil's living will be paid, he will receive a wage and in addition his dependents will be paid an allowance.

But it is for the decision of the soldier or seaman and his relatives whether he elects to take the course. When the course is completed the board will obtain suitable employment and keep an eye on the man so that his interests may be guarded. The status of the man during the period of training is described as follows:

"The amount of monthly compensation paid will be equal to the sum to which he is entitled under the war insurance act, or a sum equal to the pay of his last month in the service, which ever is the greater; but in no case will a single man or man living apart from his dependents receive less than \$65 per month, inclusive of the sum paid dependents, and a man living with his dependents receive less than \$75 per month inclusive of the sum paid to the dependents."

"The man whose disability does not prevent him from returning to employment without training will be given the course of vocational training which he chooses."

"The taking of the course of training or the actual earning power of the man will not in any way affect his compensation. Upon completion of his course he will continue to receive the compensation prescribed by the war risk insurance and as long as his disability continues."

Men in service or their relatives should make inquiries at once. They may address communications to the federal board of vocational education, Washington, D. C., or to any of the 14 district offices located throughout the country.

### The Real "Butterfly."

The name for the butterfly did not originate from "Flutter," but from low German and Hollandish. Over in Holland there is a butterfly that lives whenever possible on butter and milk. He is and always has been a nuisance to the Dutch wives and has always been called the "butterfly," or butterfly.

## SOLDIERS OF FRANCE IN GREATEST OF WORLD'S SACRIFICE

Soldiers of France have led in the world sacrifice of blood and treasure that liberty and democracy should not perish from the earth.

The world will forever owe France a debt of gratitude for this as well as for an invaluable remedy for stomach, liver and intestinal disorders which its peasants have been using with reported marvelous results.

The ingredients are now imported and sold in this country by Geo. H. Mayr, prominent Chicago chemist, under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes catarrhal mucus from the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

## LEAGUE OF NATIONS FORMED

The League of Nations has been formed by the soldiers in the field and the men of the navy and the gallant air service before the diplomats got busy. It was written in blood before the fountain pens got busy with their ink.

Talk with any returned soldier from over there. He has words of the highest praise for the comrades who cooperated with him in downing the German scourge.

The very banding together of the Allies in this war was a concrete example of a league of nations acting against a common foe. One is filled with wonder and admiration when one contemplates the results which were achieved by unity of purpose, unity of action, unity of command.

That League carried humanity through the stress of war, and a League on similar plans will carry humanity through the problems of peace.

The war has brought together nations, it has caused its fighters to measure up their comrades, it has filled each nation with respect for the other's fighting ability.

And now after the armistice, returned soldiers are visiting comrades in their home countries. As Major D. J. Toomey, Second Brigade of the Australian Field Artillery stated, while visiting relatives in Brainerd, he had scores of invitations from coast to coast, Canada to Mexico, to visit comrades and see for himself what kind of a country America was.

"We got along splendidly with the Yanks," said Major Toomey. "You never saw better comrades. We Australians always did think a lot of America."

Fighting as brothers in the field, the relations there formed will be further cemented by the fraternal visiting around after the war.

Brainerd welcomes the gallant major, modest and unassuming, who has seen his share of fighting, for his one red and four blue chevrons, etc., tell that story. It welcomes also his brave little wife and the chubby baby.

## CONVICTS USE YARN ROPE

Make 25-Foot Rope From Yarn Furnished by Red Cross and Escape From Prison.

Boise, Idaho.—With the aid of a 25-foot rope braided from yarn furnished the inmates by the Red Cross, Fred George, alias Gruber, and Harry Hinton escaped from the state penitentiary. George has a life sentence for murder hanging over him and Hinton was serving five to fifteen years for robbery. With the aid of the yarn rope the men let themselves down from the top of the wall surrounding the penitentiary.

Edward Backen, Son of Mr. and Mrs. Albert Backen, Serving in U. S. Naval Forces

## ATTACKED BY SUBMARINES

In a letter to his parents, Mr. and Mrs. Albert Backen, Edward Backen in the naval service, writes under date of November 24 from Gibraltar: "Well, I am dropping you a few lines to let you know I am O. K. with the exception of a sore eye. It is practically all right, but am wearing a pair of dark glasses so it will get strong again. I got a piece of cast iron in it first and did not get it out for a few days and it got very sore. So when the doctor took it out, the result was that I had a sore eye."

Am working again and it is all right, but as there are electric lights in the shop, I wear the glasses. We are stationed here, but expect to be leaving in about a week. Don't know just where, but am sure it is not the states. Well, I suppose it will be four or five months before I am discharged, but don't care much as I won't have much winter to face. Here the climate is fine, about like June weather in Minnesota, but the nights are sure chilly.

Today is the first they lifted the censorship on mail, so now we can sit down and write a letter. Before you would get a notion to write and when you would get started, all you could think of was that you were well. If you did put something in about where you were or anything you would get it back in a week or two with a note not to let it happen again.

I like the navy fairly well. When we left the states we went to Bermuda Islands. It is certainly a pretty place, resting on a formation of coral reefs. There are 365 islands. From there we went to the Azores. They are mountainous islands belonging to Portugal. There sure was plenty of wine and champagne there. From there we went to Brest, France. I wrote once before about seeing Dudley on the street in France. Don't know if you got the letter or not. He is on the Leviathan. That is the largest ship afloat. It sure is a big one. It is 950 feet long and has 48 boilers. It has nine decks below the main deck.

I do not like France very well as they are so old fashioned. The build-

ings are all old style and all the conveniences are the same. From Brest we went to Gibraltar. Arrived here in August and have been here ever since.

When we were sailing from the Azores to Brest, France, all went well until the last day. We were attacked by submarines. It happened about 6:30 in the morning. We were all asleep in the machine shop when the klaxon buzzed. It is similar to an automobile horn of the new type. And the way we made tracks to our general quarters was nothing slow.

I had a station on the starboard side back aft, that is the stern of the ship on the right hand side, so I could see the whole battle. There were about forty ships in the convoy and you can imagine there was some shooting going on. There were twenty-six submarine chasers, about eleven tugs, a few yachts and the Buffalo and Bridgeport were the two largest ships. There were also two destroyers alongside.

They said a torpedo was shot at the Buffalo and also at the Bridgeport, but I don't think they did as they don't very often miss. There were subs there all right, but I don't think any one on the Buffalo saw any although there are fellows who swore they did.

The first general quarters was called off and everyone went below, laughing about all the fun they had and who made the most speed, when the horn went again. We broke records in getting to the top side and watched depth charges dropped and more shells fired. The second one went by O. K. and we went below again. By this time we were entering the harbor of Brest and a channel buoy was sighted. So they blew the horn again and we all went to the top side at top speed.

Guns were all loaded and the order was never officially given, but they began firing. They shot about 20 times, but never hit once. We had a French navigator aboard and he told them it was a buoy and kept hollering for them not to sink it. The captain was disgusted with the poor gunners and said, "Let them shoot, they won't hit anything."

Well, that is all the battles I was in or saw, but it sure was an experience that is worth a good deal if one has never seen it. I have a few souvenirs, but don't want to send them as they may get broken or lost, and as it will only be a short time when I will be home I will keep them here. Well, guess I have said about all I can think of, so will close. Love to all from Ed.

## MAJOR D. J. TOOMEY GALLANT AUSTRALIAN

In Gallipoli Campaign, on the Somme, at Ypres and Paeschendale Ridge Fighting

## THE MAJOR WAS GASSED TWICE

He and Wife and Baby are Guests of Uncle, Father J. J. O'Mahoney and Aunt, Mrs. J. Cullen

Guests of his uncle, Rev. Father J. J. O'Mahoney and aunt, Mrs. James Cullen are Major D. J. Toomey, wife and baby of Sidney, New South Wales.

The gallant Australian has seen his full share of fighting in the world war from Gallipoli to Amiens. Major Toomey belongs to the Second Brigade, Australian Field Artillery and joined that body on August 20, 1914. The men left the Antipodes in September and were trained in Egypt until the following April, 1915.

On April 25 the Australians landed on Gallipoli peninsula and dug in and stayed there until the evacuation in December. All the horses had to be sent back to Egypt for that barren peninsula offered no opportunity for cavalry maneuvers. Stripped of horseflesh, the guns were hauled in position by the men. Fifty men pulled on an 18 pounder and got it up the ridge. In July the Australians got longer range guns, 14,000 yards, and it took over 400 men to haul in position a 4.7 gun.

The commissary department had its problems in that siege. Supplies were hauled on barges and unloaded in the face of fire. Fresh meat was a scarcity. Oftentimes water failed to arrive on schedule time. Fresh bread was a rarity. What food did get through had to run the gauntlet of a wave lashed coast and artillery fire of the enemy.

Repeated efforts were made to locate water, wells being sunk 90 feet or more in depth. But no fresh water could be found. A lot of men were lost in the original landing and more during the fighting which swept on with alternating lulls of quiet.

On May 20, 1915, the Turks attacked in force, but they got more than they bargained for. The Australians gave it to them at close range, shooting open sights and then finished with the bayonet. The Turks then begged for an armistice to bury their dead. In one ravine the Ottoman soldiers tossed in 3,000 dead. After that the Turks continued their sniping tactics and discontinued any massed movements.

Major Toomey's command was then transferred to the Suez canal for a time. There was no heavy fighting in that vicinity, simply skirmishes between patrols.

To the Somme was the next step for Major Toomey and his comrades. They chased the huns to the Hindenburg line in the latter's retreat to Baupreume. In the Somme they lived in dugouts. A German shell struck an Australian redoubt and buried Major Toomey three hours in the mud. He had to hang to a gun section to avoid being drowned or suffocated in the oozing mud. That mud was really worse than shellfire. Oftentimes the men returning from the front lost boots and other equipment in the mud. Miles of duck board walks were laid and woe betide the fellow who missed his footing. He slipped into the oozing stuff which resembles quicksand.

After the Somme fighting came Ypres. The Tommies pronounce that

## DAILY HEALTH TALKS

The Troubles Women Have  
 BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs in a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backachy, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

town "Wipers," but the major gives it the soft French accent which resembles "Eep" with a soft purring noise for the "res" or finish of the word. There at Ypres he was gassed the first time. The gas is treacherous stuff, a man being knocked out before he realizes what was the matter. He was sent back to the wagon lines eight miles to the rear. In the meantime his captain had command of the battery. The fighting that followed was terrific and every officer was killed.

When a man is gassed, his voice ceases to function, his breathing is impaired, in bad cases his very lungs are burned up. The Major was called back to battle before he had been patched up for the gas burns. He could not talk or whisper. He headed his men, and for two weeks directed the attack and held the position. He could not telephone, but a private at his side took his written command and did the telephoning while Toomey sat on the job day and night, never taking off his clothes. That kind of a continuous performance is dreaded by all soldiers as it wears down the men and the only sleep they can gain is a few moments snatched between attacks, working in shifts as somebody must be alert all the time.

On October 4, 1917, one of the most remarkable attacks of the war occurred. At the Third Battle of Ypres the Australian corps and the Germans attacked at the very same zero hour. The clash was a terrific one. It wound up with hand to hand fighting in No Man's Land; and the Australians gained 600 yards.

On August 8, 1918, the Canadians, Australians and French opened the attack at Amiens. They broke the Hun advance and the Allied forces forged ahead in a regular football massed play for ten miles. They followed up the Germans until relieved by the 27th Division of American forces.

On September 29 the Major got a second gas dose and this was stronger than the first, being the dreaded mustard variety. The first doses years before merely attacked tear glands and put a man out of action for a short time. Major Toomey survived the second dose of gas, for an Australian appears to have as many lives as the proverbial tomat.

Then followed a lull in the fighting game for the major and at the close of the armistice he got six months leave. He joined his wife who had been in England. His little boy was named Daniel James and he is now three months old.

On the major's right arm are his five chevrons, the red signifying the campaign at Gallipoli, the four blue ones the four years of subsequent fighting. He wears service ribbons, also two bars for the gassing received.

A sad event occurred September 20, 1918, when his wife's brother, who served in his battery, met death from a Hun bullet.

That peace has its accidents as well as war, came to pass in Brainerd when Major Toomey visited the pop factory of James Cullen, husband of his aunt. Bottles were being filled at the factory and one of them burst under pressure and a piece of glass struck the gallant major near his right ear and drew blood. It was a surprise all around and caused considerable joking by all concerned.

Major Toomey will visit some days longer in the city and is making friends all around. He has several invitations from comrades to visit in Duluth and other cities.

## Do Something Better Than the Other Fellow---and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

## COUNTY SERVICE FLAG FOR HEROES

Large Blue Star Signifies 962 Men  
Served Under Colors From  
Crow Wing County

GOLD STAR NUMBERING 28

Flag is to be Hung in District Court,  
Except When Used in Gala Out-  
door Occasions

By order of the county commis-  
sioners Crow Wing county has pur-  
chased a service flag and ladies of  
the Red Cross have sewed on the da-  
ta giving the number of boys in ser-  
vice and those making the supreme  
sacrifice.

The large blue star carries the fig-  
ures 962, being the number of men  
enlisting and received in draft calls  
from the county.

Below this is the large gold star  
with the number 28, showing that  
number of Crow Wing county boys  
gave their lives in defense of their  
country. Since the figures were  
added there has been another death,  
that of Sergeant John Mahlum who  
died in France of pneumonia.

Data regarding the soldiers was  
gathered from each township clerk  
and the local draft board. The ser-  
vice flag will be hung in the district  
court, except on gala occasions like  
a soldiers home coming celebration,  
etc., when the flag will be displayed  
outside.

## ROLL OF HONOR

Sergt. A. N. Brekke, visiting on  
furlough at his old home in Rice  
Lake, Wis., and Brainerd, today had  
his furlough extended three days  
and will return to Camp Dodge Sat-  
urday. He was recently transferred  
to headquarters detachment and as-  
sisted in mustering out 22,000 men.

Jack W. Beardsley, brother of  
Mrs. W. H. Wood of N. E. Brainerd,  
has arrived home from France. Pte.  
Beardsley was at the front eleven  
weeks under a steady shower of  
shells. He was in the heavy artil-  
lery. Beardsley said he was surely  
glad to get home.

The National Geographic Maga-  
zine for October shows a picture of  
Bob Trent and comrades sitting in  
a Red Cross movie hut in France,  
seeing the pictures.

David E. Barry, son of Mr. and  
Mrs. John Barry of West Brainerd,  
has returned from Camp Hancock,  
Augusta, Ga., where he has been en-  
gaged as cook in the army for the  
past year. Dave says he likes army  
life but there's no place like old  
Brainerd after all, even if the weath-  
er is colder here.

Irwin O'Neill, seaman of the navy,  
was expected home in Brainerd on  
furlough, but an operation from  
which he is recovering, necessitated  
his staying in hospital longer than  
expected.

Earl Entriken, serving as assistant  
dental surgeon, is home from Cleve-  
land, Ohio, on a short furlough, vis-  
iting his parents, Mr. and Mrs. W.  
E. Entriken.

Jack Hurley was honorably dis-  
charged from Camp Lewis, Wash.,  
and is again working in the shipyard  
at Seattle.

## MOTION TO AMEND DENIED

Failure to Prove a Cause of Action,  
Young Torkelson Died of Py-  
emia, Pus in Lung Cavity

In district court, before Judge W.  
S. McClenahan, shortly after the  
plaintiff had rested in the case of  
Lizzie Torkelson, as special admin-  
istratrix of the estate of Rudolph  
Torkelson, deceased, vs. Joseph Nich-  
olson, Attorney C. D. O'Brien of St.  
Paul, for the defense, argued a mo-  
tion for dismissal of the case on the  
ground of failure to prove any cause  
of action, and the motion was de-  
cided in favor of the defense and the  
case dismissed.

M. E. Ryan, attorney for the plain-  
tiff, had previously asked permission  
to amend the complaint, which was  
refused.

Young Torkelson was treated by  
Dr. Nicholson and some time later  
the case was transferred to another  
physician. Death followed a month  
after Dr. Nicholson's treatment was  
ended. The plaintiff, in her suit for  
damages, alleging improper diagnos-  
is of the case, could not prove any  
act of omission on the part of Dr.  
Nicholson as having caused his  
death, which later occurred from  
pyemia, which meant that a lung cav-  
ity filled with pus.

## GAME IN DETAIL

Brainerd vs Aitkin High Basketball  
Teams Created Great Enthusi-  
asm, Brainerd Winning

The Dispatch gives place for a re-  
view four paragraphs below of the  
Brainerd high vs Aitkin high basket-  
ball game played 8:30 Saturday  
night. Some of the high school stu-  
dents took umbrage that the Dis-  
patch dared publish a short story of  
the game before their own official  
version appeared, but the Dispatch  
begs to remind the high school that  
it had to be done for news is not  
news when it is 60 hours old.

The future of the high school en-  
thusiasts want their own reviews  
published, for goodness sakes remem-  
ber to show up the next day with the  
story. The game, played Saturday  
evening, was not brought to the Dis-  
patch office by the high school until  
Tuesday morning. No wonder the  
Dispatch hopped in the score, its own  
story, etc., for the Monday afternoon  
paper.

The high school writeup follows:  
In the opening game of basket ball  
on the local floor last Saturday, Ait-  
kin went down to defeat at the hands  
of the local five. Never before in  
the opening game of any season was  
the attendance and enthusiasm so  
great.

The Aitkin team was the first on  
the floor. A few minutes later the  
Brainerd five appeared and were giv-  
ing an enthusiastic reception amidst  
the clanging of cow bells, horns,  
drums and the cheering of the crowd.  
At the sound of the whistle every  
player was on his feet; every muscle  
strained to its greatest point of effi-  
ciency, ready for the game. The de-  
fence of Brainerd was like a stone  
wall and time after time Aitkin was  
forced to stand before it like one  
acknowledging defeat. From time  
to time the high brought the ball  
down the floor with a dash and a run  
that seemed sure of a marker only at  
times to glide over the rim. Soon,  
though, the steady playing began to  
tell and the first half ended with the  
score 15 to 7.

The second half was again led by  
Brainerd with Reid, Cunningham,  
Higbee and Bakklia leading in the at-  
tack. By the close and careful  
guarding of H. Nelson and Bakklia,  
Aitkin secured only one field basket  
during this half, the game ending  
with Brainerd leading by the score  
of 24 to 9.

The rooting of the high school  
body was a feature in itself. Under  
the combined leadership of Torn-  
strom, Mahlum, Hurley and Opsahl,  
the team was treated royally to a  
continuous round of applause and en-  
couragement. At the close of the  
game the quartet gave a demonstra-  
tion of their voices by singing the  
ballad entitled, "Who Gave the  
Brains to Brainerd."

For Aitkin, Larson and Rogers  
played a steady game, securing two  
baskets each. For Brainerd, Reid  
and Cunningham led the attack with  
five ringers apiece from the field of  
battle.

## ENGINE PLUNGES THROUGH COACH

Rear End Collision Occurs on the Philadelphia and Reading Railway.

## NINE PERSONS KILLED

More Than a Score of Others Are Injured in Accident Near Fort Washington Station, 15 Miles From Philadelphia.

Philadelphia, Jan. 14.—The Scranton flyer on the Philadelphia and Reading railway crashed into the rear of a Doylestown local train near Fort Washington station, 15 miles north of this city, nine persons being killed and more than a score injured.

The rear car of the local was demolished. When the engine of the express struck it the seats and roof of the coach—an old wooden type—were thrown into a heap, burying all the passengers. The engine ploughed through the coach until it reached the last seat.

Seven passengers were killed outright and mangled beyond recognition. Two others died while being rushed to hospitals.

### Munition Workers Picked Up.

The Doylestown local left the Reading terminal, Philadelphia, at 5:30 p. m., and picked up scores of munition workers at the Midvale Steel and other plants along the line. As it approached Fort Washington station, the engineer, it is said, observed a derailed freight engine ahead and halted his train.

A few minutes later the Scranton flyer from Philadelphia dashed around the curve at this point and crashed into the standing local. The roof of the wrecked coach virtually covered the engine of the express train.

### Bodies Jammed Against Wheels.

When the wreckage was partially cleared the bodies of the dead and injured were found jammed between the wheels of the local and in the seats. The bodies of the seven dead were speedily collected in a coach that had been standing on the siding and taken to a hospital at Ambler.

Shortly after the wreck, Charles A. Moore, in charge of the state police at Ambler, arrived with troopers and directed the work of caring for the victims.

Ralph Huff, 35, of North Wales was found on the engine of the express train where he had been thrown by the collision. Huff received severe burns and his body was badly scalded by steam.

As soon as the news of the wreck reached Philadelphia, physicians and nurses from local hospitals, rushed to the scene in automobiles. The wounded were taken to the hospitals in the northern outskirts of the city.

### NAMES SENATE COMMITTEES

Lieutenant Governor Frankson Announces Assignments.

St. Paul, Jan. 14.—The Minnesota Senate is now ready for real work. The committee assignments were announced by Lieutenant Governor Frankson.

Senate leaders who were heads of important committees in the last session are heading the same committees this year in several instances. Senator A. J. Rockne is chairman of the finance committee. Senator F. E. Putnam heads the judiciary committee.

The important committee on highways is to be guided by Senator Patrick McGarry, of Walker. Senator V. I. V. is chairman of the committee on public domain.

### 1,200 DECLINED TO FIGHT

General Crowder Says 24,234,210 Men Registered.

Chicago, Jan. 14.—Out of a total registration of 24,234,210 men, only 1,200 refused to fight for their country, according to Provost Marshal General Crowder, who was at the meeting here of the Selective Service association.

Crowder declared 2,800,000 men were actually inducted into the service, while 2,000,000 more were subject to immediate call.

### TWO AVIATORS ARE KILLED

Two Others Injured in Fall at Fort Worth, Texas.

Fort Worth, Texas, Jan. 14.—Two minutes after Lieut. John E. Garbut, Sheridan, Wyo., and Mechanic R. L. Quinn, Pittsburgh, Pa., fell 5,000 feet in a tail spin, and were killed here. Cadet Instructor Francis X. Bostick, Amity, La., and Mechanic Ralph McIlwain, Oakville, Ill., also crashed in a tail spin. McIlwain was probably fatally injured, but Bostick was only slightly hurt.

### Favors Five-year Control.

Washington, Jan. 14.—Commissioner Robert W. Woolley, the one member of the Interstate Commerce commission who supports the proposal to extend government operation of railroads five years, contended before the senate interstate commerce committee that only through continuing federal management for a sufficient period under normal conditions could the present freight rate structure be rebuilt to give "exact justice to the whole people rather than to the ship pers and the carriers as classes."

U. S. Air Fighter Who is Safe Despite 80 Bullets

LIEUT. A. C. LILLIERAP

With twelve heroic planes to his credit, Lieutenant A. C. Lillierap of Evansville, Ind., has just returned to this country. After being with the 123rd French Escadrille he was transferred to the 196th Aerial Squadron of the American forces.

During a battle between a fleet of twenty-eight American planes and sixty German flyers, his machine was riddled by sixty bullets but he managed to alight safely although his landing gear had been shot away by shrapnel.

### Millions of War Funds Wasted.

New York, Jan. 14.—The story of how "social climbers," "100 per cent boys," and "society parasites" at tached themselves to war charity work and stole or squandered millions of dollars contributed for the benefit of war sufferers, was told by Assistant District Attorney Kilroe in a report on his investigation of 534 "war charity organizations." The investigation he said, disclosed actual thefts of more than \$3,000,000 in one year, and the waste of several more millions for "expenses."

The party was founded by the Central Federation Union of New York, Central Labor Union of Brooklyn, and Women's Trade Union league.

## LOU LOST HIS HAT AND ALSO THIEF

Deputy Sheriff Goes to San Francisco to Robber and Has Experience.

San Francisco.—Lou McKelly, deputy sheriff at Keelyville, Lake county, came to San Francisco to have the police here help him find some cracksmen who robbed the post office there.

McKelly wore a big broad-brimmed white hat with a rattlesnake skin for a band. It is a hat he was proud of. Said he to Detective George Hippeley: "I have shown some of you fellows how to hunt for big game up there in the summer time. Now you show me about your hunting down here."

Then they went to dinner in a fashionable cafe. McKelly hung up his rattlesnake skin hat. They sat down

"I Would Like to Have That Hat," and ate turkey, while McKelly explained about the way the cracksmen did the job in Keelyville.

When they had finished McKelly's big rattlesnake hat was gone. There was a row, but it was no use. The best that Hippeley could find out was that a woman at the next table had been heard to remark:

"I would like to have that hat over there to decorate John's den."

McKelly bought a brand new hat, called a "beanny," and went back to Keelyville without the cracksmen.

### GIVES HUSBAND HARD JOLT

Bloody Evidence Is Ketchup, but Roy Will Probably Stay Home Evenings for Awhile.

St. Louis.—Roy Colley of this city returned home from work and found his wife, Clara, stretched out on the floor with her neck and throat covered with what appeared to be blood. Colley screamed, woke his wife's sister, Miss Mary Collins, who was in the next room. Both dashed to the street, but the sister beat Colley to the police station. Colley arrived just as the sister was voicing her belief that Colley had killed his wife. Colley told the police some "burglar must have murdered her."

Reserves were rushed to the house and were welcomed by Mrs. Colley, who in the meantime washed away the ketchup which had been the evidence of the "crime" and calmly explained that she "trusted she had taught Roy a lesson" and that he would stay at home evenings in the future.

### QUITS "ROAD" FOR SAFETY

Throws Up Job to Avoid Danger From Trains and Shortly After Is Killed by One.

Cleveland, O.—C. A. Liddle, after 30 years "on the road" with the Erie railroad, abandoned his job to avoid danger from the trains. And every day since his wife would congratulate herself that now she could be content in the knowledge that he would come home safe from his work in the office of the Brotherhood of Railroad Trainmen.

Then, one day, he took a holiday and with his wife visited a cousin at Warren, O. The three went riding in the cousin's automobile. They came to a crossing.

All three were killed by a passing train.

### Leaves Loot in Icebox; Conscience Stricken.

Waukegan, Ill.—A housebreaker who stole several articles of valuable jewelry from the home of Dr. and Mrs. Paul O. Berger here became conscience stricken and a few days afterward, when Doctor Berger looked in his icebox, he found the jewelry there.

### Rat Stops Power Plant.

Winsted, Conn.—The power plant at Robertsville Falls which furnishes electricity for lighting here went "dead" early one morning recently. An investigation developed the fact that a rat had put the plant out of business by crawling into the terminals and short-circuiting the system.

## How Good We Feel...

Ever since DR. MILES' LAXATIVE TABLETS have been on the market, thousands of people both young and old have been testifying to the merits of this popular and time tried remedy for constipation and stomach disorders.

Mr. and Mrs. Guy Simmons of East Columbia, Ohio, are typical examples. Mr. Simmons says:

"I have given DR. MILES' LAXATIVE TABLETS a thorough trial and they are the best medicine of any kind I have ever used. They are pleasant to take and pleasant in action and do the work without weakening the digestive tract. My wife has been bothered with constipation more or less all her life. When she began using DR. MILES' LAXATIVE TABLETS she got better results than she had ever been able to get with other remedies."

DR. MILES' LAXATIVE TABLETS are prepared especially for sufferers of constipation—the ingredients are such that they act surely, but gently on the bowels and assist in restoring healthful regularity. A box of these tablets costs only a few cents at any drug store. They taste like candy. Ask your druggist about them. He knows why they are the ideal laxative for old and young.

### LENROOT IS PREPARING BILL

Wisconsin Senator Framing Railway Control Measure.

Washington, Jan. 14.—Senator Lenroot of Wisconsin, in an address before members of the Young Men's Christian association, announced he soon would introduce in the senate a bill designed to bring the railroads under the control of a single corporation. Under his plan, he said, a majority of the corporation's board of directors would be appointed as representatives of the government to serve permanently and the remaining members would be named by the stockholders and employers of the roads.

### RIVERS BILL PASSES HOUSE

Measure Appropriates \$27,000,000 for Rivers and Harbors.

Washington, Jan. 14.—The house has passed the rivers and harbors bill carrying appropriations of approximately \$27,000,000. Final vote on the bill's passage was 28 to 91. The bill now goes to the senate in practically the same shape as when reported to the house, efforts by republicans to amend and eliminate certain features having in the main failed. Of the total, \$2,943,000 is for maintenance, \$15,077,500 for improvements and \$8,768,844 for new projects.

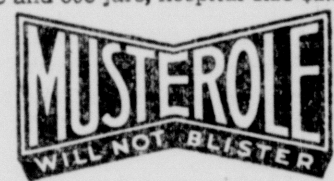

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

## KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water. Rheumatism is a direct result of eating too much meat, and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

### ALLIED COUNCIL FRAMES TERMS

Meeting Prepares Conditions for  
Renewal of Armistice  
With Germany.

### DRAW NAVAL CLAUSES

Plan Includes Conditions of Supply  
and Provision for Restitution of  
Material Stolen From France  
and Belgium.

Paris, Jan. 14.—The peace congress supreme council resumed its sessions at the French foreign office, with the distinguished gathering augmented by the presence of Japan among the great nations represented and a notable gathering of military, naval, economic and financial representatives of the various powers.

An official communication issued after adjournment says:

"The meeting reached an agreement as to the terms on which the armistice is to be renewed on Jan. 17. This included naval clauses, financial clauses, conditions of supply and provision for the restitution of material and machinery stolen from France and Belgium by the Germans."

"The meeting also continued its discussion of procedure. It was agreed to hold the next meeting of the supreme war council on Wednesday at 10:30 and the first full session of the peace conference will take place Sunday, Jan. 18, at 1:30 p. m. at the foreign office."

Japanese Minister There.

Those present included besides President Wilson, Secretary Lansing, General Bliss and Herbert C. Hoover for the United States; Premier Clemenceau, Foreign Minister Pichon, Finance Minister Klotz, Minister of Commerce Clementel, Minister of Reconstruction Loncheur, Marshal Foch, Major General Weygand and Admiral DeBon, for France; Premier Lloyd George and Foreign Secretary Balfour for Great Britain; Foreign Minister Sonnino for Italy, and Viscount Chinda and Ambassador Matsu for Japan.

All the members of the Versailles war court attended, including General Sir Henry Wilson, the British member. The proceedings were divided into two distinct stages. The first meeting was presided over by Marshal Foch, at which the military, naval and economic authorities reached an agreement on new terms for the armistice expiring on Jan. 17. The United States was represented by Major General Bliss, Admiral Benson and Herbert C. Hoover.

The accord reached is said to have been complete, embracing financial terms, whereby Germany must restore the sums taken from the cities and towns in the devastated regions; military, whereby Germany must restore the guns taken and promptly deliver up rolling stock and locomotives, and economic, whereby food relief will reach the famished regions.

### HUNGARIAN CABINET CRISIS

May Result in Premier Karolyi Becoming President.

Budapest, Jan. 14.—A cabinet crisis which is hourly expected to result in resignation of the ministry may result in Premier Karolyi's election as president of the Hungarian republic.

The Socialists claim the right to representation in the war and home portfolio. The government has refused to consider their claims and has announced its readiness to abdicate. If the cabinet steps out a condition, will the cabinet be dissolved and the election of a president.

### YANKS CAN VISIT ENGLAND

Men in France Secure Leave Lasting Fourteen Days.

London, Jan. 14.—Leaves for soldiers of the American expeditionary force in France to visit England, have begun and the men are expected to arrive at the rate of 150 daily. Their leaves are for a 14-day period. Arrangements are being made here to care for the arriving troops and rest stations have been established at Stratford-on-Avon, Royal Leamington, Spa and Edinburgh.

### FOOD COMMISSIONERS MEET

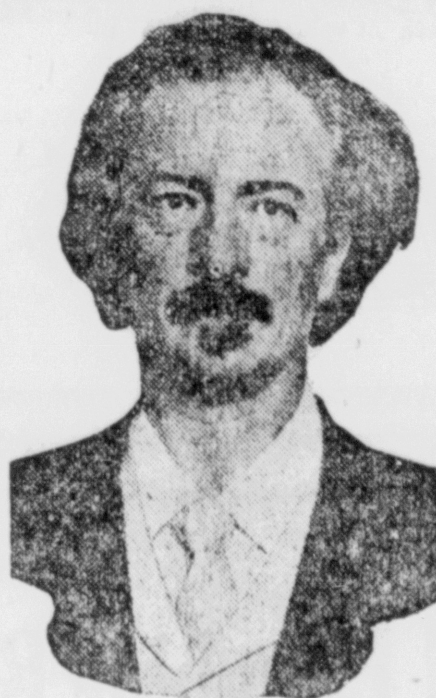

Herbert C. Hoover Presides at Paris Conferences.

Paris, Jan. 14.—Members of the international food commission held two sessions at the ministry of commerce. Herbert C. Hoover presided at the meetings, which were attended by representatives of the United States, Great Britain and France.

It was reported that much progress had been made in the work of arranging for the immediate relief of needy sections in evacuated territories.

### IGNACE PADEREWSKI

Famous Pianist and Polish  
Leader Is Wounded.

Ignace var Paderewski, the Polish leader and world-famed as a pianist, has been slightly wounded by an assassin who entered the room of his hotel at Warsaw and fired one shot at him.

### TWELVE MORE NEEDED

Twenty-Four States Ratify Prohibition Amendment.

California and Washington Legislatures Take Favorable Action on Proposition.

Chicago, Jan. 14.—California and Washington ratified the national prohibition amendment of the Constitution, making 24 states to act favorably on the basic law proposed. Colorado, which had been reported as ratifying, was discovered to have acted irregularly and the Colorado legislature will reconsider.

Twelve more states are needed to ratify the proposed amendment to make it a part of the Constitution. The House of Representatives and the Senate of the Indiana legislatures voted for the amendment and the Illinois house will take up the question, the senate already having passed it.

A parliamentary move in the California legislature will keep the measure from the governor for a time, but advocates of the amendment said action could not be reversed.

### LODGE TO DELIVER EULOGY

Massachusetts Senator Only Speaker at Roosevelt Memorial.

Washington, Jan. 14.—Senator Lodge of Massachusetts will deliver the eulogy at the joint congressional memorial service for Theodore Roosevelt to be held in the house chamber on Feb. 9. The Republican leader in the senate, who for many years was a close personal friend of the former president, was selected by unanimous vote of the senate and house committees appointed to arrange for the services and he will be the only speaker.

### GERMAN ARMY DISBANDING

About 60 Per Cent of the Force Mustered Out.

American Headquarters in Germany, Jan. 14.—About 60 per cent of the German troops have been demobilized since the armistice, it was revealed in statistics compiled in 49 towns occupied by Americans.

About 12 per cent of the men who went to war from the Rhineland were killed, and about an equal number returned home before the armistice was signed because of permanent disability.

### BELIEVES LEAGUE USELESS

South Dakota Senator Says Four Powers Can Insure Peace.

Washington, Jan. 14.—Discussing the proposed league of nations, Senator Sterling of South Dakota, Republican, in the senate, urged that, in view of the present and prospective relations between the United States, Great Britain, France and Italy, such a league was unnecessary and that its consideration should be postponed.

### WITHDRAWAL FROM RUSSIA

Resolution Favoring Such Action Appears in Senate.

Washington, Jan. 14.—A resolution to record the Senate as favoring withdrawal of American soldiers from Russia, "as soon as practicable," was introduced by Senator Johnson of California, with an assertion that the United States government evidently had no Russian policy and was inviting disaster.

### President Will Appeal to People

By ROBERT J. BENDER,  
(United Press Staff Correspondent.)

Paris, Jan. 14.—President Wilson is expected to go before the American people after the peace treaty is signed to urge its ratification and solidify the support of the new world thought it embodies.

Thus shattering another precedent the president would put the verdict of endorsement of the peace settlement up to public opinion rather than go to a hostile congress it was pointed out.

The belief was expressed by friends today that Wilson will tour the country late this fall taking the opportunity to urge new domestic policies that lend themselves to changing international ideals. He is expected to give the key of his policy when he addresses congress after his return from Europe. His course after that will be determined largely by the attitude at Washington. That the president will return to France to be present at the actual consummation of peace seems to be a foregone conclusion.

### State Department Inquires About House

(By United Press)

Washington, Jan. 14.—The state department today wired Paris inquiring as to the truth of the rumor printed in a New York paper that Col. House, President Wilson's confidential adviser had died. Department advisers have not even indicated that his illness was serious.

Paris, Jan. 14.—Col. House was reported Monday evening to be improving.

### Senator Demands Early Peace

(By United Press)

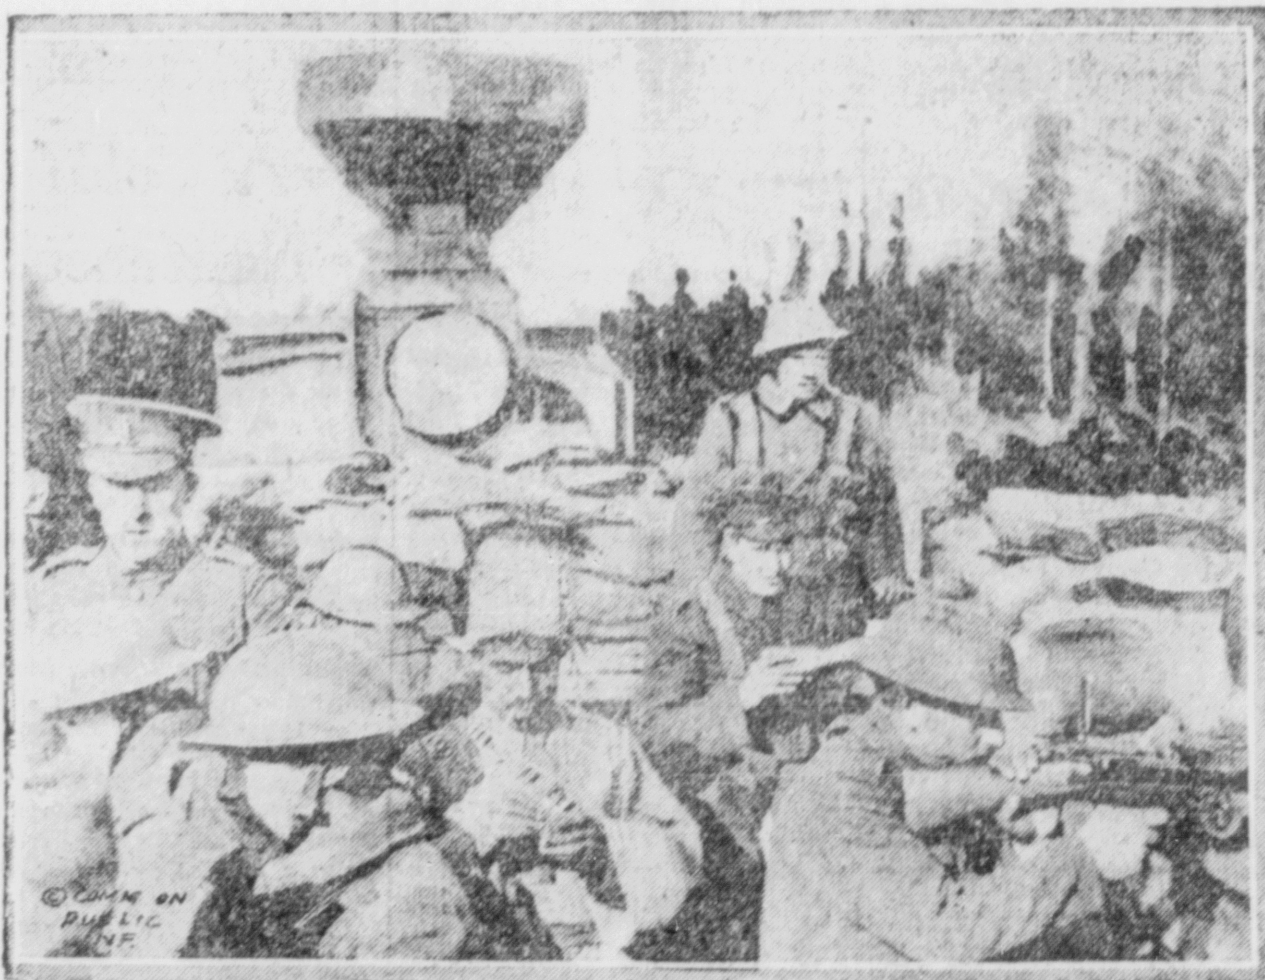

Washington, Jan. 14.—Senator France, of Maryland, introduced a resolution demanding that peace negotiations be speeded up to permit the early withdrawal of the American army of occupation and return home.

### Hungarian Premier Elected President

(By United Press)

Budapest, Jan. 14.—Count Karolyi, former premier, has been elected provisional president of the Hungarian republic, a Budapest dispatch says.

### American Soldiers With British and Cossacks in Russia, Defending Car Made Into Fortress on Wheels by Lining Sides With Sandbags

United States official photograph from the American front in Russia shows American, British and Cossack soldiers defending an improvised fort on wheels in the district south of Archangel. The allied troops and the doughboys used to good advantage a number of steel cars the sides of which were lined with bags of sand. In this car they are keeping the enemy off with a light mortar, machine guns and rifles.

### Borah and Kenyon Sound Warning

(By United Press)

Washington, Jan. 14.—That a new alignment of the people is coming that will sweep away existing political parties unless they face and solve the readjustment problems was the warning sounded to republican and democratic chieftains today by Senators Kenyon and Borah, progressive leaders. They cautioned against ostrich tactics as a means of disposing of the menace of bolshevism in the United States. They urged honest, fearless, straightforward action by the government and political leaders to cope with the construction problems facing the American people. After sounding a warning to standpat in both parties, that a political jolt is coming to them from the American people unless the present conditions are remedied, Borah and Kenyon outlined ways of meeting the bolshevism menace to this country.

### Billy Hohenzollern Getting Bug House

(By United Press)

Amsterdam, Jan. 14.—Wilhelm Hohenzollern is on the verge of becoming a helpless lunatic, according to information brought here today by a prominent Hollander who just left Count Bentich's castle where he was a guest. He declared the former emperor talks continuously. His conversation is rambling or erratic and he cannot sleep nights.

### STRIKE RIOTS SPREAD

Argentine Authorities Regain Control in Buenos Aires.

250 Reported Killed and 700 Wounded as Result of Riots in Capital City Alone.

Buenos Aires, Jan. 14.—It was stated at police headquarters that no serious clashes are taking place anywhere. It is believed the government has the situation under control.

Reports from Montevideo say that the authorities there are strengthening their forces against the bolshevist movement. Troops have been thrown around Villa de Cerro, localizing strike disorders to that district where there are American packing houses.

Censored reports from the interior indicate that the maximist movement is spreading to the principal cities, notably Rosario, where a general strike was called. Independent strikes were begun on railways not affected by the general walkout. Trains on the Central Argentine railway are being held at Rosario. The Western railway also is tied up by a strike which began at midnight.

Troops have been sent by General Delapaine to requisition the arms in a number of privately owned gun shops, thus preventing them from falling into the hands of the maximists.

250 Reported Dead.

The commanders of the government troops officially report 250 dead and 700 wounded as a result of the strike riots in this city. The ranking naval officer, discussing this report, said: "If you double it you will be nearer the real casualties."

### GEN. C. VANDERBILT

His Son Is Wealthiest Private  
in U. S. Army.

Cornelius Vanderbilt, Jr., who is perhaps the wealthiest buck private in the American army, will enter West Point, according to recent reports. Private Vanderbilt went to France as orderly to his father, Brig. Gen. Cornelius Vanderbilt. He made a record for daredevil bravery as a dispatch bearer on the western front. He enlisted in 1917 when still under age.

### ASKS CONGRESS TO ACT

President Urges Passage of European Relief Bill.

Declares Food and Not Force Will Check Western Advance of Bolshevism.

Washington, Jan. 14.—Approval of \$100,000,000 for famine relief in Europe, outside of Germany, was approved by the house, which passed the administration measure, 240 to 3. The bill now goes to the senate, where its early passage is planned.

Washington, Jan. 14.—President Wilson, in a message solemnly urging congress to appropriate the \$100,000,000 asked for European food relief, said Bolshevism, steadily advancing westward, could not be stopped by force, but could be stopped by food.

Food relief, he said, was the key to the whole European situation and to the solutions of peace.

A message from Henry White, member of the American peace delegation, to the State department, said that the "startling westward advance of Bolshevism dominated the entire European situation and that it was of the utmost importance that the President's request be granted at once."

Bolshevism, Mr. White said, now completely controls Russia and Poland and is spreading through Germany.

The President's message, addressed to Senator Martin of Virginia and Representative Sherley of Kentucky, chairman of the congressional appropriations committee, and that of Mr. White, were read on the floor of the house by Mr. Sherley during debate on a special rule to give immediate consideration to the appropriation bill.

### PROTEST TELEPHONE ORDER

Representatives of Public Service Commissions Meet.

Chicago, Jan. 14.—Charging that the unconstitutional recent order of Postmaster General Burleson, providing for an increase in telephone rates, representatives of the public service commissions of Illinois, Wisconsin, Michigan, Indiana, Minnesota and Virginia, at a meeting here protested against this action as an encroachment of the Federal government upon the power of state utility commissions to regulate intrastate rates.

### FRAUD CHARGES ARE FILED

Woman Alleges Election Law Was Violated in Nevada.

Reno, Nev., Jan. 14.—Charging that the election of Senator Charles S. Henderson in Nevada this year was brought about through violations of the federal and state laws governing expense accounts, Miss Anne Martin who was an independent candidate in opposition to Senator Henderson, has sent a letter to Senator Pomerene, chairman of the Senate committee on elections, asking him to order an investigation.

America Ready to Assist Poles in  
Defeating Bolsheviks, According  
to Paris Paper.

### OFFERS TWO DIVISIONS

Rebel Leaders Taken in Capture of  
Spartan Offices in Berlin—1,500  
Spartans Killed Since Out-  
break in Capital Began.

Paris, Jan. 14.—Secretary Lansing officially denied a statement published in the Temps that America is ready to send an expeditionary force into Poland. He said the statement was "absolutely false."

Paris, Jan. 14.—America has informed the Allied governments, according to the Temps, that it is ready to send an American Expeditionary Corps to Poland. This force, the newspaper states, would be able to "at least double the support given by two Polish divisions to be sent from the western front and enable the Poles to victoriously resist the bolsheviks."

Berlin, Jan. 14.—According to a report to the Taegleke Rundschau, Rosa Luxemburg, associated with Dr. Karl Liebknecht in the leadership of the rebellious Spartacan forces in Berlin, has been arrested by government soldiers.

The arrest is said to have been made when the troops were cleaning out the central office of the Spartacans, when Dr. Liebknecht's son also is reported to have been taken.

Police Station Shelled.

The capture of the Spartacan office was effected by the free use of hand grenades. The soldiers burned in the street an immense quantity of bolshevik literature found in the headquarters.

Government forces have captured the police headquarters after a short bombardment.

When the fighting began, the troops fired a few shells and then waited to see what effect had been made upon the Spartacans.

Fire on White Flag.

When the latter failed to show signs of yielding two men were sent forward with a white flag demanding the surrender of the Spartacans. They were fired upon and killed.

Artillery fire then was resumed. The Spartacans began to flee. The soldiers thereupon stormed the building and took several hundred prisoners. The bolsheviks are believed to have suffered the loss of 50 killed and many wounded.

1,300 Spartacans Killed.

London, Jan. 14.—The armistice between the contending factions at Berlin has been broken and fighting has been resumed, according to Copenhagen advices received here.

Reports from Berlin indicate, it is said, that the Spartacan forces have lost 1,300 killed since the outbreak of the revolution and that there are many more wounded.

There is no confirmation of the report that Dr. Liebknecht has been killed. He has, however, faded from sight with Chief of Police Eichhorn.

### MINNESOTA SENATOR DIES

Carlton L. Wallace Succumbs to Pneumonia After Few Days' Illness.

Minneapolis, Jan. 13.—Senator Carlton L. Wallace has died at his home in this city. He had been ill for several days with bronchial pneumonia.

Senator Wallace, who represented the Thirty-fourth district, comprising the Eighth ward, in the upper branch of the legislature, has served in many Minnesota legislative sessions. He was a member of the House of Representatives in 1899, 1901, extra session in 1902, 1905 and 1909. He was later elected a state senator and has served in the upper body eight years. He was re-elected last fall.

Senator Wallace is the second member of the state Senate to pass away since the session opened. Senator Harry F. Weis died last week.

### SUPPORTING GERMAN REVOLT

Russian Bolsheviks Are Reported Behind Movement.

Washington, Jan. 14.—Officials here were much interested in an article published in the Berlin Tagliche Rundschau, which said the Spartacan group had sent a telegram to Moscow stating that fighting must be stopped as soon as possible, because the Berlin working classes were not ripe for dictatorship of the proletariat.

This, it was pointed out, supports the charge that has often been made that the German uprising has been directed by the Russian Bolsheviks.

Island Infested With Influenza.

Washington, Jan. 14.—Threatened with extinction by influenza, the population of the island of Tahiti, a French possession in the Society Islands group in the Pacific, has waited in vain. In the past few days, news dispatches have announced that the scourge has run its course, but nevertheless, he latest plans for aid are going forward while an answer to an official query is awaited. More than one-seventh of Tahiti's population of about 12,000 in habitants was dead a month ago.

### ANNUAL MEETING

Of the Missionary Society of the First Congregational Church Held Wednesday

The annual meeting of the Missionary society of the First Congregational church was held at the home of Mrs. R. K. Whiteley, Wednesday, Jan. 8th and the following officers were elected for the ensuing year:

President—Mrs. E. P. Shipp.  
Vice-President—Mrs. John Woodhead.  
Treasurer—Miss May Whiteley.  
Secretary—Mrs. Dan Whitney.

Mrs. H. L. Jones lead the study class which followed and the "Religion of India" were taken up which revealed the following truths:

The Caste system of Hinduism the greatest curse which has ever befallen a people, keeping them in religious and social bondage has the largest number of followers of any of India's religions. Mohammedanism having plunged into the vortex of this world struggle, with the hope and expectation that it would emerge triumphant, finds 230,000,000 of Moslems, today in confusion at the revelation of the boasted solidarity of Islam as a religion for the world shattered and turn to the Christian world for sympathy and help. Buddhism which is a much older religion than Islam or Mohammedanism and which has been driven out of India, the land of its birth survives in the religion of Jainism, the Jains being the most highly cultured and most charitable of all people.

Parsicism, which is even older

DISPATCH WANT ADS PAY

than Buddhism and whose followers are fire-worshippers, has rich, educated and cultured people, whose women are not shut up in zenanas or harems like Hindu and Moslem women but are free as the men.

Sikhism, the youngest of all the world religions furnishes the most reliable policemen and the best soldiers for the native army.

That India is awakening from the slumber of ages is evident.

The war has had a great educative influence on India and the non-Brahmin masses have come to realize that education means power. This means that every gate of approach to the people has been thrown wide open to the missionaries and urgent appeals come from India for more workers as the missionaries are handicapped because there are so few to do so much.

Dainty refreshments, served by Miss May Whiteley, formed the closing of a very enjoyable afternoon.

## HOPE HOSE CO. NO. 1 BIG DANCE

Annual Event at Gardner Auditorium on Friday Evening, January 17th—Big Crowd Going

### HELP FIREMEN BY ATTENDING

It is No. 1's Only Dance—Blue Ribbon Orchestra to Play—A. C. White Chairman

Hope Hose Co. No. 1 will give its annual dance at Gardner auditorium on Friday evening, January 17th. This event takes the place of the regular Thanksgiving Day dance which was deferred on account of influenza.

A. C. White is the general chairman of the committee and his co-workers are working valiantly to make the affair a success, are Geo. D. Weber and Mack McCulloch.

The Blue Ribbon five-piece orchestra will play. The firemen are an uncomplaining lot of fellows. They chase out after fires day or night and don't mind the heat of the summer or the cold and ice of winter. They do their work efficiently and at a minimum of expense and they certainly are entitled to your patronage when they ask you simply to buy a ticket and help boost the dance along.

And just think of the criticism the firemen have to stand! When something goes wrong, they all hear about it. If a fire is squelched so quickly that it even hasn't time to smoke up a ceiling, how few people pat a fireman on the back and say: "Old scout, you were right on hand that time, you put out the fire and did your part to make Brainerd safe from fire."

If all the home owners and other property owners who have been saved heavy fire losses would just make themselves a committee and take tickets and get others to take tickets, the success of the dance would be assured.

### St. Paul Guild

St. Paul Episcopal church guild will meet with Mrs. A. J. Ellison, 523 North Fourth street, corner of Holly, on Wednesday afternoon at 3:00 o'clock. A business meeting will be followed by a program. New stars will be sewed on the service flag of the church.

### RENT ROOMS BY CARD INDEX

Service Intended as Clearing House Between Supply and Demand for Rooms.

Cleveland, O.—A card index system similar in operation to a slot machine has been adopted by the United States home registration service in City Hall here, to bring together persons who wish to rent room or rooms and board, with households which have them available.

Holes are punched in cards, in general appearance like a piece from a piano roll, and small rods automatically select cards on which vacant rooms meeting with the requirements of each applicant are recorded. The system, in a few seconds, gives complete information of any of the 3,000 vacant rooms registered with the bureau.

The service, which is free, is intended as a clearing house between the supply and demand for rooms, rooms and board and small furnished and unfurnished housekeeping suites.

### CHORUS GIRLS JUMP SHOWS

Ignore Iron-Clad Agreements With Musical Comedies to Marry Soldiers at Camp Funston.

Junction City, Kan.—Despite iron-clad agreements with their chorus girls, managers of musical comedies playing at Army City, Junction City, Manhattan and on the zone in Camp Funston have hard times keeping their girls from marrying soldiers, leaving the show and settling down here. Hardly a show has been here but what one or two, and often more of the members of the chorus became "war brides." Some stayed with the show and others settled down to wait their husband's being sent abroad.

Probate Judge Daniel Hurley has done a land-office business, performing marriage ceremonies. Many of them are at midnight and after. He keeps a full supply of marriage banns and licenses at his home all the time, so as to meet any emergency.

### Would Obtain Medal for Young Girl Hero

Atlanta, Ga.—A Carnegie hero medal is being asked for thirteen-year-old Gertrude Nasher, who, when her home was burning, rescued the baby daughter of Mrs. Marcella Cruz, who occupied the upper floor of the house. Little Gertrude, seeing the roof ablaze, and knowing of Mrs. Cruz's absence, rushed upstairs through blinding smoke, returning with the infant just as the stairs crashed down behind her.

### TO AID WORKERS

Dance of Electrical Workers Union for Benefit of Striking Twin City Men and Women

The dance of the Electrical Workers Union, No. 234, their first annual affair, is a benefit for the striking telephone operators and linemen of the Twin Cities. It will be given on Wednesday evening, January 22, at the Knights of Columbus hall. A six-piece orchestra, the Blue Ribbon, will play.

Men in the uniform of Uncle Sam are welcome and they will be admitted free.

## LOYAL SERVICE TO BE RECOGNIZED

Red Cross Workers, Women and Men. Red Cross General Service Insignia

### WOMEN RIBBONS, MEN BUTTONS

Conditions Governing the Award of Certificates, Apply for Same at Red Cross Headquarters

The following letter has been received by Mrs. J. A. Thabes from the American Red Cross, Northern Division Headquarters, Minneapolis.

1. We are at last able to announce the plan for recognizing the loyal service given by the women and men workers of the Red Cross. This will be done through the issuance of certificates which carry with them the right to purchase and wear the Red Cross official general service insignia. The insignia for women workers will be a badge with ribbon, bar and safety catch, and for the men a button to be worn in the coat lapel.

Conditions Governing the Award of Certificates

2. Certificates in recognition of loyal service to the nation, through the Red Cross, shall be awarded to all persons who have given regular service during a period of not less than six months, in which period the actual work done shall be equivalent to at least four days a week, or approximately 800 hours; or for eight months of service of not less than three days a week, or approximately 800 hours; or of twelve months of service of not less than two days a week, or approximately 800 hours; or for eighteen months' service, amounting to at least 800 hours; etc. In no case shall an award be made to a worker whose period of enrollment in service has been less than six consecutive months, and with a minimum of 800 hours of service.

3. In computing periods of service, only service subsequent to April 6, 1917, shall be considered.

4. Certificates shall be awarded irrespective of whether services rendered have been on a volunteer or a paid basis.

5. In Chapter production, work done outside of the workroom, such as knitting and garments, shall be estimated on a piece-work basis or in the same manner as used in the Chapter workrooms.

6. Service for the Red Cross in other than Chapter activities shall be credited to the worker. Allowance should also be made for time given in different departments or activities of the Red Cross.

### Service Insignia

7. ## CARE FOR DISABLED

Government to Look Out for War Heroes.

Arrangements Made to Provide Vocational Training for All Soldiers.

Washington.—Uncle Sam is going to do more for his disabled soldiers and seamen than any nation ever did, and the arrangements to care for the nearly two hundred thousand men disabled in battle or through disease or accident in camp are near completion. When this army returns there will be no need for public charity which might mar self-respect.

The federal board of vocational education, operating under the vocational rehabilitation act, will restore health, and in the case of permanent injury teach trades that may be followed. During the process the pupil's living will be paid, he will receive a wage and in addition his dependents will be paid an allowance.

But it is for the decision of the soldier or seaman and his relatives whether he elects to take the course. When the course is completed the board will obtain suitable employment and keep an eye on the man so that his interests may be guarded. The status of the man during the period of training is described as follows:

"The amount of monthly compensation paid will be equal to the sum to which he is entitled under the war insurance act, or a sum equal to the pay of his last month in the service, whichever ever is the greater; but in no case will a single man or man living apart from his dependents receive less than \$65 per month, inclusive of the sum paid dependents, and a man living with his dependents receive less than \$75 per month inclusive of the sum paid to the dependents.

"The man whose disability does not prevent him from returning to employment without training will be given the course of vocational training which he chooses.

"The taking of the course of training or the actual earning power of the man will not in any way affect his compensation. Upon completion of his course he will continue to receive the compensation prescribed by the war risk insurance and as long as his disability continues."

Men in service or their relatives should make inquiries at once. They may address communications to the federal board of vocational education, Washington, D. C., or to any of the 14 district offices located throughout the country.

### The Real "Butterfly."

The name for the butterfly did not originate from "butter," but from low German and Hollandish. Over in Holland there is a butterfly that lives whenever possible on butter and milk. He is and always has been a nuisance to the Dutch wives and has always been called the "butterfly," or butterfly.

## SOLDIERS OF FRANCE IN GREATEST OF WORLD'S SACRIFICE

Soldiers of France have led in the world's sacrifice of blood and treasure that liberty and democracy should not perish from the earth.

The world will forever owe France a debt of gratitude for this as well as for an invaluable remedy for stomach, liver and intestinal disorders which its peasants have been using with reported marvelous results.

The ingredients are now imported and sold in this country by Geo. H. Mayr, prominent Chicago chemist, under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes catarrhal mucus from the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

LEAGUE OF NATIONS FORMED

The League of Nations has been

formed by the soldiers in the field

and the men of the navy and the gal-

lant air service before the diplomats

got busy. It was written in blood

before the fountain pens got busy

with their ink.

Talk with any returned soldier

from over there. He has words of

the highest praise for the comrades

who cooperated with him in down-

ing the German scourge.

The very banding together of the

Allies in this war was a concrete ex-

ample of a league of nations acting

against a common foe. One is filled

with wonder and admiration when

one contemplates the results which

were achieved by unity of purpose,

unity of action, unity of command.

That League carried humanity

through the stress of war, and a

League on similar plans will carry

humanity through the problems of

peace.

The war has brought together na-

tions. It has caused its fighters to

measure up their comrades. It has

filled each nation with respect for

the other's fighting ability.

And now after the armistice, re-

turned soldiers are visiting comrades

in their home countries. As Major

D. J. Toomey, Second Brigade of the

Australian Field Artillery stated,

while visiting relatives in Brainerd,

he had scores of invitations from

coast to coast, Canada to Mexico,

to visit comrades and see for himself

what kind of a country America was.

"We got along splendidly with the

Yanks," said Major Toomey. "You

never saw better comrades. We

Americans always did think a lot

of America."

Fighting as brothers in the field,

the relations there formed will be

further cemented by the fraternal

visiting around after the war.

## BACKEN WRITES FROM GIBRALTAR

Edward Backen, Son of Mr. and Mrs. Albert Backen, Serving in U. S. Naval Forces

## ATTACKED BY SUBMARINES

In a letter to his parents, Mr. and Mrs. Albert Backen, Edward Backen in the naval service, writes under date of November 24 from Gibraltar:

"Well, I am dropping you a few lines to let you know I am O. K. with the exception of a sore eye. It is practically all right, but am wearing a pair of dark glasses so it will get strong again. I got a piece of cast iron in it first and did not get it out for a few days and it got very sore. So when the doctor took it out, the result was that I had a sore eye.

Am working again and it is all right, but as there are electric lights in the shop, I wear the glasses. We are stationed here, but expect to be leaving in about a week. Don't know just where, but am sure it is not the states. Well, I suppose it will be four or five months before I am discharged, but don't care much as I won't have much winter to face. Here the climate is fine, about like June weather in Minnesota, but the nights are sure chilly.

Today is the first they lifted the censorship on mail, so now we can sit down and write a letter. Before you would get a notion to write and when you would get started, all you could think of was that you were well. If you did put something in about where you were or anything you would get it back in a week or two with a note not to let it happen again.

I like the navy fairly well. When we left the states we went to Bermuda Islands. It is certainly a pretty place, resting on a formation of coral reefs. There are 365 islands. From there we went to the Azores. They are mountainous islands belonging to Portugal. There sure was plenty of wine and champagne there. From there we went to Brest, France. I wrote once before about seeing Dudley on the street in France. Don't know if you got the letter or not. He is on the Leviathan. That is the largest ship afloat. It sure is a big one. It is 950 feet long and has 48 boilers. It has nine decks below the main deck.

I do not like France very well as they are so old fashioned. The build-

ings are all old style and all the conveniences are the same. From Brest we went to Gibraltar. Arrived here in August and have been here ever since.

When we were sailing from the Azores to Brest, France, all went well until the last day. We were attacked by submarines. It happened about 6:30 in the morning. We were all asleep in the machine shop when the klaxon buzzed. It is similar to an automobile horn of the new type. And the way we made tracks to our general quarters was nothing slow.

I had a station on the starboard side back aft, that is the stern of the ship on the right hand side, so I could see the whole battle. There were about forty ships in the convoy and you can imagine there was some shooting going on. There were twenty-six submarine chasers, about eleven tugs, a few yachts and the Buffalo and Bridgeport were the two largest ships. There were also two destroyers alongside.

They said a torpedo was shot at the Buffalo and also at the Bridgeport, but I don't think they did as they don't very often miss. There were subs there all right, but I don't think any one on the Buffalo saw any although there are fellows who swore they did.

The first general quarters was called off and everyone went below, laughing about all the fun they had and who made the most speed, when the horn went again. We broke records in getting to the top side and watched depth charges dropped and more shells fired. The second one went by O. K. and we went below again. By this time we were entering the harbor of Brest and a channel buoy was sighted. So they blew the horn again and we all went to the top side at top speed.

Guns were all loaded and the order was never officially given, but they began firing. They shot about 25 times, but never hit once. We had a French navigator aboard and he told them it was a buoy and kept hollering for them not to sink it. The captain was disgusted with the poor gunners and said, 'Let them shoot, they won't hit anything.'

Well, that is all the battles I was in or saw, but it sure was an experience that is worth a good deal if one has never seen it. I have a few souvenirs, but don't want to send them as they may get broken or lost, and as it will only be a short time when I will be home I will keep them here. Well, guess I have said about all I can think of, so will close. Love to all from Ed."

## MAJOR D. J. TOOMEY GALLANT AUSTRALIAN

In Gallipoli Campaign, on the Somme, at Ypres and Paschendale Ridge Fighting

## THE MAJOR WAS GASSED TWICE

He and Wife and Baby are Guests of Uncle, Father J. J. O'Mohoney and Aunt, Mrs. J. Cullen

Guests of his uncle, Rev. Father J. J. O'Mohoney and aunt, Mrs. James Cullen are Major D. J. Toomey, wife and baby of Sidney, New South Wales.

The gallant Australian has seen his full share of fighting in the world war from Gallipoli to Amiens. Major Toomey belongs to the Second Brigade, Australian Field Artillery and joined that body on August 20, 1914. The men left the Antipodes in September and were trained in Egypt until the following April, 1915.

On April 25 the Australians landed on Gallipoli peninsula and dug in and stayed there until the evacuation in December. All the horses had to be sent back to Egypt for that barren peninsula offered no opportunity for cavalry maneuvers. Stripped of horseflesh, the guns were hauled in to position by the men. Fifty men pulled on an 18 pounder and got it up the ridge. In July the Australians got longer range guns, 14,000 yards, and it took over 400 men to haul in position a 4.7 gun.

The commissary department had its problems in that siege. Supplies were hauled on barges and unloaded in the face of fire. Fresh meat was a scarcity. Oftentimes water failed to arrive on schedule time. Fresh bread was a rarity. What food did get through had to run the gauntlet of a wave lashed coast and artillery fire of the enemy.

Repeated efforts were made to locate water, wells being sunk 90 feet or more in depth. But no fresh water could be found. A lot of men were lost in the original landing and more during the fighting which swept on with alternating lulls of quiet.

On May 26, 1915, the Turks attacked in force, but they got more than they bargained for. The Australians gave it to them at close range, shooting open sights and then finished with the bayonet. The Turks then begged for an armistice to bury their dead. In one ravine the Ottoman soldiers tossed in 3,000 dead. After that the Turks continued their sniping tactics and discontinued any massed movements.

Major Toomey's command was then transferred to the Suez canal for a time. There was no heavy fighting in that vicinity, simply skirmishes between patrols.

To the Somme was the next step for Major Toomey and his comrades. They chased the huns to the Hindenburg line in the latter's retreat to Baupenne. In the Somme they lived in dugouts. A German shell struck an Australian redoubt and buried Major Toomey three hours in the mud. He had to hang to a gun section to avoid being drowned or suffocated in the oozing mud. That mud was really worse than shellfire. Oftentimes the men returning from the front lost boots and other equipment in the mud. Miles of duck board walks were laid and woe betide the fellow who missed his footing. He slipped into the oozing stuff which resembles quicksand.

After the Somme fighting came Ypres. The Tommies pronounce that

## DAILY HEALTH TALKS

## The Troubles Women Have

By L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backachy, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that came in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

town "Wipers," but the major gives it the soft French accent which resembles "Eep" with a soft purring noise for the "res" or finish of the word. There at Ypres he was gassed the first time. The gas is treacherous stuff, a man being knocked out before he realizes what was the matter. He was sent back to the wagon lines eight miles to the rear. In the meantime his captain had command of the battery. The fighting that followed was terrific and every officer was killed.

When a man is gassed, his voice ceases to function, his breathing is impaired, in bad cases his very lungs are burned up. The major was called back to battle before he had been patched up for the gas burns. He could not talk or whisper. He headed his men, and for two weeks directed the attack and held the position. He could not telephone, but a private at his side took his written command and did the telephoning while Toomey sat on the job day and night, never taking off his clothes. That kind of a continuous performance is dreaded by all soldiers as it wears down the men and the only sleep they can gain is a few moments snatched between attacks, working in shifts as somebody must be alert all the time.

On October 4, 1917, one of the most remarkable attacks of the war occurred. At the Third Battle of Ypres the Australian corps and the Germans attacked at the very same zero hour. The clash was a terrific one. It wound up with hand to hand fighting in No Man's Land and the Australians gained 600 yards.

On August 8, 1918, the Canadians, Australians and French opened the attack at Amiens. They broke the huns advance and the Allied forces forged ahead in a regular football massed play for ten miles. They followed up the Germans until relieved by the 27th Division of American forces.

On September 29 the major got a second gas dose and this was stronger than the first, being the dreaded mustard variety. The first doses years before merely attacked tear glands and put a man out of action for a short time. Major Toomey survived the second dose of gas, for an Australian appears to have as many lives as the proverbial tomat.

Then followed a lull in the fighting game for the major and at the close of the armistice he got six months leave. He joined his wife who had been in England. His little boy was named Daniel James and he is now three months old.

On the major's right arm are his five chevrons, the red signifying the campaign at Gallipoli, the four blue ones the four years of subsequent fighting. He wears service ribbons, also two bars for the gassing received.

A sad event occurred September 26, 1918, when his wife's brother, who served in his battery, met death from a hun bullet.

That peace has its accidents as well as war, came to pass in Brainerd when Major Toomey visited the pottery of James Cullen, husband of his aunt. Bottles were being filled at the factory and one of them burst under pressure and a piece of glass struck the gallant major near his right ear and drew blood. It was a surprise all around and caused considerable joking by all concerned.

Major Toomey will visit some days longer in the city and is making friends all around. He has several invitations from comrades to visit in Duluth and other cities.

## Do Something Better Than the Other Fellow---

## and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

Crow Wing County

### GOLD STAR NUMBERING 28

Flag is to be Hung in District Court,  
Except When Used in Gala Out-  
door Occasions

By order of the county commis-  
sioners Crow Wing county has pur-  
chased a service flag and ladies of  
the Red Cross have sewed on the da-  
ta giving the number of boys in ser-  
vice and those making the supreme  
sacrifice.

The large blue star carries the fig-  
ures 962, being the number of men  
enlisting and received in draft calls  
from the county.

Below this is the large gold star  
with the number 28, showing that  
number of Crow Wing county boys  
gave their lives in defense of their  
country. Since the figures were  
added there has been another death,  
that of Sergeant John Mahlum who  
died in France of pneumonia.

Data regarding the soldiers was  
gathered from each township clerk  
and the local draft board. The ser-  
vice flag will be hung in the district  
court, except on gala occasions like  
a soldiers home coming celebration,  
etc., when the flag will be displayed  
outside.

## ROLL OF HONOR

furlough at his old home in Rice  
Lake, Wis., and Brainerd, today had  
his furlough extended three days  
and will return to Camp Dodge Sat-  
urday. He was recently transferred  
to headquarters detachment and as-  
sisted in mustering out 22,000 men.

Jack W. Beardsley, brother of  
Mrs. W. H. Wood of N. E. Brainerd,  
has arrived home from France. Pte.  
Beardsley was at the front eleven  
weeks under a steady shower of  
shells. He was in the heavy artiller-  
y. Beardsley said he was surely  
glad to get home.

Mrs. John Barry of West Brainerd,  
has returned from Camp Hancock,  
Augusta, Ga., where he has been en-  
gaged as cook in the army for the  
past year. Dave says he likes army  
life but there's no place like old  
Brainerd after all, even if the weather  
is colder here.

Irwin O'Neill, seaman of the navy,  
was expected home in Brainerd on  
furlough, but an operation from  
which he is recovering, necessitated  
his staying in hospital longer than  
expected.

Earl Entriiken, serving as assistant  
dental surgeon, is home from Clevel-  
and, Ohio, on a short furlough, vis-  
iting his parents, Mr. and Mrs. W.  
E. Entriiken.

Jack Hurley was honorably dis-  
charged from Camp Lewis, Wash.,  
and is again working in the shipyard  
at Seattle.

### MOTION TO AMEND DENIED

Failure to Prove a Cause of Action,  
Young Torkeldson Died of Py-  
emia, Pus in Lung Cavity

In district court, before Judge W.  
S. McClenahan, shortly after the  
plaintiff had rested in the case of  
Lizzie Torkeldson, as special admin-  
istratrix of the estate of Rudolph  
Torkeldson, deceased, vs Joseph Nich-  
olson, Attorney C. D. O'Brien of St.  
Paul, for the defense, argued a motion  
for dismissal of the case on the  
ground of failure to prove any cause  
of action, and the motion was de-  
cided in favor of the defense and the  
case dismissed.

M. E. Ryan, attorney for the plain-  
tiff, had previously asked permission  
to amend the complaint, which was  
refused.

Young Torkeldson was treated by  
Dr. Nicholson and some time later  
the case was transferred to another  
physician. Death followed a month  
after Dr. Nicholson's treatment was  
ended. The plaintiff, in her suit for  
damages, alleging improper diagnos-  
is of the case, could not prove any  
act of omission on the part of Dr.  
Nicholson as having caused his  
death, which later occurred from  
pyemia, which meant that a lung cav-  
ity filled with pus.

patch dared publish a short story of  
the game before their own official  
version appeared, but the Dispatch  
begs to remind the high school that  
it had to be done for news is not  
news when it is 60 hours old.

The future of the high school en-  
thusiasts want their own reviews  
published, for goodness sakes remem-  
ber to show up the next day with the  
story. The game, played Saturday  
evening, was not brought to the Dis-  
patch office by the high school until  
Tuesday morning. No wonder the  
Dispatch hopped in the score, its own  
story, etc., for the Monday afternoon  
paper.

The high school writeup follows:  
In the opening game of basket ball  
on the local floor last Saturday, Ait-  
kin went down to defeat at the hands  
of the local five. Never before in  
the opening game of any season was  
the attendance and enthusiasm so  
great.

The Aitkin team was the first on  
the floor. A few minutes later the  
Brainerd five appeared and were given  
an enthusiastic reception amidst  
the clanging of cow bells, horns,  
drums and the cheering of the crowd.  
At the sound of the whistle every  
player was on his feet; every muscle  
strained to its greatest point of ef-  
ficiency, ready for the game. The de-  
fence of Brainerd was like a stone  
wall and time after time Aitkin was  
forced to stand before it like one  
acknowledging defeat. From time  
to time the high brought the ball  
down the floor with a dash and a run  
that seemed sure of a marker only at  
times to glide over the rim. Soon,  
though, the steady playing began to  
tell and the first half ended with the  
score 15 to 7.

The second half was again led by  
Brainerd with Reid, Cunningham,  
Higbee and Bakklila leading in the at-  
tack. By the close and careful  
guarding of H. Nelson and Bakklila,  
Aitkin secured only one field basket  
during this half, the game ending  
with Brainerd leading by the score  
of 24 to 9.

The rooting of the high school  
body was a feature in itself. Under  
the combined leadership of Torn-  
strom, Mahlum, Hurley and Onasahl,  
the team was treated royally to a  
continuous round of applause and en-  
couragement. At the close of the  
game the quarter gave a demonstra-  
tion of their voices by singing the  
ballad entitled, "Who Gave the  
Brains to Brainerd."

For Aitkin, Larson and Rogers  
played a steady game, securing two  
baskets each. For Brainerd, Reid  
and Cunningham led the attack with  
five fingers apiece from the field of  
battle.

Field goals, Cunningham 5, Reid  
5, Bakklila 2, Higbee 1, Larson 2,  
Cluff 1, Rogers 1, Free throws,  
Cunningham 3, Higbee 3, Reid 2,  
Larson 1. Referee, Deering of Cros-  
by. Official scorer, Fred McKlaney.

## ENGINE PLUNGES THROUGH COACH

Rear End Collision Occurs on the Philadelphia and Reading Railway.

## NINE PERSONS KILLED

More Than a Score of Others Are Injured in Accident Near Fort Washington Station, 15 Miles From Philadelphia.

Philadelphia, Jan. 14.—The Scranton flyer on the Philadelphia and Reading railway crashed into the rear of a Doylestown local train near Fort Washington station, 15 miles north of this city, nine persons being killed and more than a score injured.

The rear car of the local was demolished. When the engine of the express struck it the seats and roof of the coach—an old wooden type—were thrown into a heap, burying all the passengers. The engine plunged through the coach until it reached the last seat.

Seven passengers were killed outright and mangled beyond recognition. Two others died while being rushed to hospitals.

### Munition Workers Picked Up.

The Doylestown local left the Reading terminal, Philadelphia, at 5:30 p. m., and picked up scores of munition workers at the Midvale Steel and other plants along the line. As it approached Fort Washington station, the engineer, it is said, observed a detailed freight engine ahead and halted his train.

A few minutes later the Scranton flyer from Philadelphia dashed around the curve at this point and crashed into the standing local. The roof of the wrecked coach virtually covered the engine of the express train.

### Bodies Jammed Against Wheels.

When the wreckage was partially cleared the bodies of the dead and injured were found jammed between the wheels of the local and in the seats. The bodies of the seven dead were speedily collected in a coach that had been standing on the siding and taken to a hospital at Ambler.

Shortly after the wreck, Charles A. Moore, in charge of the state police at Ambler, arrived with troopers and directed the work of caring for the victims.

Ralph Huff, 35, of North Wales was found on the engine of the express train where he had been thrown by the collision. Huff received severe burns and his body was badly scalded by steam.

As soon as the news of the wreck reached Philadelphia, physicians and nurses from local hospitals, rushed to the scene in automobiles. The wounded were taken to the hospitals in the northern outskirts of the city.

## NAMES SENATE COMMITTEES

Lieutenant Governor Frankson Announces Assignments.

St. Paul, Jan. 14.—The Minnesota Senate is now ready for real work. The committee assignments were announced by Lieutenant Governor Frankson.

Senate leaders who were heads of important committees in the last session are heading the same committees this year in several instances. Senator A. J. Rockne is chairman of the finance committee. Senator F. E. Putnam heads the judiciary committee.

The important committee on highways is to be guided by Senator Patrick McGarry, of Walker. Senator V. I. Ibert is chairman of the committee on public domain.

## 1,200 DECLINED TO FIGHT

General Crowder Says 24,234,210 Men Registered.

Chicago, Jan. 14.—Out of a total registration of 24,234,210 men, only 1,200 refused to fight for their country, according to Provost Marshal General Crowder, who was at the meeting here of the Selective Service association.

Crowder declared 2,800,000 men were actually inducted into the service, while 2,000,000 more were subject to immediate call.

## TWO AVIATORS ARE KILLED

Two Others Injured in Fall at Fort Worth, Texas.

Fort Worth, Texas, Jan. 14.—Two minutes after Lieut. John E. Garbut, Sheridan, Wyo., and Mechanic R. L. Quinn, Pittsburgh, Pa., fell 5,000 feet in a tail spin, and were killed here, Cadet Instructor Francis X. Bostick, Anity, Ia., and Mechanic Ralph McIlwain, Oakville, Ill., also crashed in a tail spin. McIlwain was probably fatally injured, but Bostick was only slightly hurt.

### Favors Five-year Control.

Washington, Jan. 14.—Commissioner Robert W. Woolley, the one member of the Interstate Commerce commission who supports the proposal to extend government operation of railroads five years, contended before the senate interstate commerce committee that only through continuing federal management for a sufficient period under normal conditions could the present freight rate structure be rebuilt to give "exact justice to the whole people rather than to the ship pers and the carriers as classes."

U. S. Air Fighter Who is Safe Despite 60 Bullets

LIEUT. A. C. LILLIECRAP

With twelve heroic planes to his credit, Lieutenant A. C. Lilliecrap of Evansville, Ind., has just returned to this country. After being with the 123rd French Escadrille he was transferred to the 196th Aerial Squadron of the American forces. During a battle between a fleet of twenty-eight American planes and sixty German flyers, his machine was riddled by sixty bullets but he managed to alight safely although his landing gear had been shot away by shrapnel.

## Millions of War Funds Wasted.

New York, Jan. 14.—The story of how "social climbers," "100 per cent boys," and "society parasites" attached themselves to war charity work and stole or squandered millions of dollars contributed for the benefit of war sufferers, was told by Assistant District Attorney Kilroe in a report on his investigation of 534 "war charity organizations." The investigation, he said, disclosed actual thefts of more than \$3,900,000 in one year, and the waste of several more millions for "expenses."

The party was founded by the Central Federation Union of New York, Central Labor Union of Brooklyn, and Women's Trade Union league.

## LOU LOST HIS HAT AND ALSO THIEF

Deputy Sheriff Goes to San Francisco for Robber and Has Experience.

San Francisco.—Lou McKelly, deputy sheriff at Keelyville, Lake county, came to San Francisco to have the police here help him find some cracksmen who robbed the post office there.

McKelly wore a big broad-brimmed white hat with a rattlesnake skin for a band. It is a hat he was proud of. Said he to Detective George Hippeley:

"I have shown some of you fellows how to hunt for big game up there in the summer time. Now you show me about your hunting down here."

Then they went to dinner in a fashionable cafe. McKelly hung up his rattlesnake skin hat. They sat down

"I Would Like to Have That Hat" and ate turkey, while McKelly explained about the way the cracksmen did the job in Keelyville.

When they had finished McKelly's big rattlesnake hat was gone. There was a row, but it was no use. The best that Hippeley could find out was that a woman at the next table had been heard to remark:

"I would like to have that hat over there to decorate John's den."

McKelly bought a brand new hat, called a "benny," and went back to Keelyville without the cracksmen.

## GIVES HUSBAND HARD JOLT

Bloody Evidence Is Ketchup, but Roy Will Probably Stay Home Evenings for Awhile.

St. Louis.—Roy Colley of this city returned home from work and found his wife, Clara, stretched out on the floor with her neck and throat covered with what appeared to be blood. Colley screamed, woke his wife's sister, Miss Mary Collins, who was in the next room. Both dashed to the street, but the sister beat Colley to the police station. Colley arrived just as the sister was voicing her belief that Colley had killed his wife. Colley told the police some "burglar" must have murdered her.

Reserves were rushed to the house and were welcomed by Mrs. Colley, who in the meantime washed away the ketchup which had been the evidence of the "crime" and calmly explained that she "trusted she had taught Roy a lesson" and that he would stay at home evenings in the future.

## QUITS "ROAD" FOR SAFETY

Throws Up Job to Avoid Danger From Trains and Shortly After Is Killed by One.

Cleveland, O.—C. A. Lidle, after 30 years "on the road" with the Erie railroad, abandoned his job to avoid danger from the trains. And every day since his wife would congratulate herself that now she could be content in the knowledge that he would come home safe from his work in the office of the Brotherhood of Railroad Trainmen.

Then, one day, he took a holiday and with his wife visited a cousin at Warren, O. The three went riding in the cousin's automobile. They came to a crossing.

All three were killed by a passing train.

## Leaves Loot in Icebox; Conscience Stricken.

Waukegan, Ill.—A housebreaker who stole several articles of valuable jewelry from the home of Dr. and Mrs. Paul O. Berger here became conscience stricken and a few days afterward, when Doctor Berger looked in his icebox, he found the jewelry there.

### Rat Stops Power Plant.

Winsted, Conn.—The power plant at Robertville Falls which furnishes electricity for lighting here went "dead" early one morning recently. An investigation developed the fact that a rat had put the plant out of business by crawling into the terminals and short-circuiting the system.

## How Good We Feel...

Ever since DR. MILES' LAXATIVE TABLETS have been on the market, thousands of people both young and old have been testifying to the merits of this popular and time tried remedy for constipation and stomach disorders.

Mr. and Mrs. Guy Simmons of East Columbia, Ohio, are typical examples. Mr. Simmons says:

"I have given DR. MILES' LAXATIVE TABLETS a thorough trial and they are the best medicine of any kind I have ever used. They are pleasant to take and pleasant in action and do the work without weakening the digestive tract. My wife has been bothered with constipation more or less all her life. When she began using DR. MILES' LAXATIVE TABLETS, she got better results than she had ever been able to get with other remedies."

DR. MILES' LAXATIVE TABLETS are prepared especially for sufferers of constipation—the ingredients are such that they act surely, but gently on the bowels and assist in restoring healthful regularity. A box of these tablets costs only a few cents at any drug store. They taste like candy. Ask your druggist about them. He knows why they are the ideal laxative for old and young.

## LENROOT IS PREPARING BILL

Wisconsin Senator Framing Railway Control Measure.

Washington, Jan. 14.—Senator Lenroot of Wisconsin, in an address before members of the Young Men's Christian association, announced he soon would introduce in the senate a bill designed to bring the railroads under the control of a single corporation. Under his plan, he said, a majority of the corporation's board of directors would be appointed as representatives of the government to serve permanently and the remaining members would be named by the stockholders and employers of the roads.

## RIVERS BILL PASSES HOUSE

Measure Appropriates \$27,000,000 for Rivers and Harbors.

Washington, Jan. 14.—The house has passed the rivers and harbors bill carrying appropriations of approximately \$27,000,000. Final vote on the bill's passage was 28 to 91. The bill now goes to the senate in practically the same shape as when reported to the house, efforts by republicans to amend and eliminate certain features having in the main failed. Of the total, \$2,943,000 is for maintenance, \$15,677,500 for improvements and \$8,768,844 for new projects.

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia), 30c and 60c jars; hospital size \$2.50.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and poison-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

## KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.
